

# Our investment focus

**Investing in impact startups for a brighter future.**

Education is key to an inclusive society, driving our efforts to enhance access and empower people with its transformative potential.

Everyone wants to live a self-determined and healthy life. Let's work together to ensure that this is possible for everyone.

Our planet, a precious gem, relies on our shared responsibility for preservation. Let's unite, nurture, and cherish our home, creating a sustainable and thriving future.

# How it works

- ✓ Submit your pitchdeck
- ✓ Receive a free company evaluation
- ✓ Take part in an initial interview
- ✓ Get invited to our pitchday (upon positive evaluation)
- ✓ Participate in the due diligence process
- ✓ Secure funding for your startup

# About capacura

We specialize in financing startups that have a demonstrated, positive impact in the fields of:

Education

Health

Environment

Our ideal companies are those that have a developed prototype and have already gained initial customers.

While we appreciate the scalability of IT technology, we believe that software alone cannot bring about the positive change our planet needs.
