

Accelerate your business with quantum computing

Adopt quantum for your key applications
and stand out from competition.

PASQAL's Nobel Prize-winning technology and full stack
approach delivers today tangible results to various industries
including:

ENERGY • MOBILITY • HEALTHCARE • FINANCE • HIGH-TECH

“ We are excited to investigate the transformative
potential of quantum computing on the automotive
industry and are committed to extending the limits
of engineering performance. ”

Julius Marcea
BMW Group IT Chief

The best hardware
to drive quantum
advantage

PASQAL's neutral atoms
quantum processors offer
you the most realistic
chance to achieve quantum
advantage very soon. Our
clients invest in becoming
quantum-ready, and
develop concrete quantum
solutions for their most
valuable business problems.
