INVITATION

With gracious support and enthusiasm from many knowledge seekers around the world, the World Knowledge Forum has grown into one of the most prominent knowledge hubs in the world. Each year, the World Knowledge Forum has been developing its contents and addressed numerous global agendas with approximately 350 speakers and 4,500 audiences.

In order to meet the encouragement and expectations of many who wait for the World Knowledge Forum every September, we have set the stage again for the best speakers and themes to look ahead for 2023. The World Knowledge Forum 2023 is scheduled to take place from September 12th through 14th in 2023, and we will come up with the best action plans for important global issues at hand. In-depth discussions on geopolitics, business, technologies and social issues will be made at the World Knowledge Forum 2023.
