THE PERFECT SOUND AT A FINGERTIPS

events **schedule and booking**

Thanks to our **smart hearing calibration**, spectators can benefit from an optimized tailor-made sound, fully adapted to their hearing profile

General volume / balance

Enjoying the perfect volume regardless of the location from the stage or hearing impairment

Equalizer

A 10-bands EQ for a high-precision sound delivery

Multitracks volume setting

Ability to set up each audio source separately (instruments in a concert, microphones captures during a match, actors for a theater play, ...)
