Entrepreneurs, who already understand the need to manage company processes, can find a lot of tools to help them do this. However, people don't want to deal with multiple products — it's more convenient for them when everything they need is available in one place.

**Different user
experience**

**Poor integration
between different
products**

**Difficulties in
hiring and firing
users**

**Maintenance and
support of various
solutions**

**Payment for
multiple products
at the same time**

Uspacy is an online service, a single digital workspace for organizing the daily processes of small and medium-sized companies: modern communication, collaboration, and CRM.

Communication, collaboration & CRM

All-in-one.

**A single
interface and
common user
experience**

**A single product
for the company's
business
processes**

**Easy
administration
of hires and
layoffs**

**Support in a
single window**

**A lot of
possibilities for
the price of one
product**

Our product has won the nomination "Product of the year" on Product Grant. It's like "Oscar" but in the world of technology.

Hello, team!

I have great news for all of us. Today it became known that our product has won the nomination "Product of the year" on Product Grant service. The fact that we have won such a nomination shows a high level of trust in our product. Tens of thousands of people voted for us because they believed that it can change the perception of business processes and improve the work of companies all over the world. This nomination is a great achievement for our company. It's a recognition of our work, talent and efforts in creating a product that meets the needs of our clients.

I am proud of each of you from developers and designers to managers and marketers. I am proud of everyone who was creating, testing and promoting our product. Your talent, experience and joint efforts were the key factors on our way to success. I thank all team and appreciate each of you. It's a great honor and motivation for further work. It's a victory of everyone as a part of an inspired team of professionals. But remember this award is not only a recognition of our work, but also a reminder that we must continue to maintain the same quality of work. Together to new achievements!

Tip of the day

"If you have a steering wheel and four wheels and your company has the same set of tools, it doesn't mean that you compete. It's important to realize and understand how you differ and who you are working for."

Dmytro Suslov

Co-founder & CEO Uspacy

A set of online tools in a single service instead of separate products

Modern api-based architecture

Real globalization

Attractive partner program (sales, implementation)

Vision

Sustainable development of entrepreneurial culture by using modern tools that improve business efficiency
