Creative Expert of Farm Specialities

Development and manufacturing of Farm Specialities

Subsidiaries of the CCPA Group, DELTAVIT has all the technical and commercial skills to **develop and manufacture effective and innovative solutions for monogastric and ruminant animals**. They bring you the best possible solutions to respond to stock breeder requirements.

From powder to liquid, granulate, bolus, lick cubes or hygiene products, DELTAVIT offers you a wide choice of nutritional specialities adapted to all breeding problems.

DELTAVIT has a **large and diversified distribution network**: distributors, dairies, veterinarians...

Specialized for more than 45 years in nutrition and health

DELTAVIT relies on **Research & Development department, reference farms and experimental station of CCPA Group** to obtain tested and validated products.

DELTAVIT also provides **tailor-made services** to support your business development.
