IEA 8th Annual Global Conference on Energy Efficiency Privacy Notice

Please refer to the Data Protection Notice regarding Visitors to the IEA and IEA Event Participants available on the International Energy Agency (IEA)'s website for further information regarding the IEA's processing of your personal data in connection with your participation in the IEA 8th Annual Global Conference on Energy Efficiency taking place on 6 – 8 June 2023 (the “event”) and your rights in relation to your data. If you have further queries or complaints related to the processing of your personal data, please contact the Organisation for Economic Co-operation and Development (OECD) Data Protection Officer. If you need further assistance in resolving claims related to personal data protection you can contact the OECD Data Protection Commissioner.

The IEA also wishes to inform you that:

- The event is being hosted in partnership with Schneider Electric. The IEA may share with Schneider Electric registration and attendance analytics regarding certain invitees for conference logistics purposes. Please refer to Schneider Electric’s Event Privacy Notice for further information regarding Schneider Electric’s processing of personal data for the event;

- The name and nationality of event attendees will be shared with the Prefecture de Police in Versailles for event security purposes and might be shared with certain presenters or other participants. The IEA will not include participants’ contact details, such as emails and phone numbers, in any such shared list;

- The event will be recorded and webcast live at https://www.iea.org/events/8th-annual-global-conference-on-energy-efficiency. Additionally, the recording will be posted after the event on the IEA’s website as well as the event website: https://www.iea-events.org/8th-global-conference. This in order to expand access to a wider audience, including people who weren’t able to attend the event. Photographs may also be taken to facilitate communications and publicity. The recordings and photographs may be disseminated on social media channels and potentially re-used for informational purposes for up to 5 years. Additionally, the livestream recording will be available for public review for up to 10 years. All such material will then be archived at the IEA for an indefinite period of time. Only limited IEA staff have access to such archived recordings and photographs. The IEA is unable to edit the recording during the live webcast or after the event in order to obscure any participant’s image.

As mentioned in the IEA’s notice, the IEA may also contact you about future events that might be of interest. If you do not wish to be contacted about future events please send an email to Energy.efficiency@iea.org.

Date: Revised 9 May 2023
