## CATALOGUE 2023

Always with your idols!

Do you want to offer your clients the possibility of hugging those characters they admire?

Do you want to surprise your customers with our cups and messages from their idols?

Do you want to have a unique and original product in a store?

Do you want to strengthen the european design and product in your business?

Our Design Workshop makes illustrated versions of characters from the world of cinema, music or art so that they can continue to inspire their followers in different formats so they can always be accompanied with their idols: Cushions, cups, t-shirts, bodysuits, gift packs, sheets, notebooks, toilets, badges, magnets.

We merge creativity and design with digital illustration and printing techniques.

All our products are unique and original, designed within our workshop with our personal touch and manufactured in Spain with high quality materials and 100% cotton. We update our catalog permanently with both new characters and other complementary products. We can also design your own personalized Merchandising.

## PERSONALIZED MERCHANDISING:

- We have a line of work supported by our creativity and the development of our Tukis-Cushions aimed exclusively at the merchandising product of the business sector.
- As professional illustrators and graphic designers we offer the possibility of working with your business to make custom pet designs or promotional products, so that they can later be converted into fun digital illustrations in Cushions-Tukis.
- Whether as an advertising product or as a product for sale in your store, from our Workshop we will create pets or characters that have to do with the styles of your business, adapting with our line the product that best fits with Your clients. We will work closely to propose different ideas and prototypes until we reach the final design.
- We can develop graphically from a character in a play, or illustrate a writer or actor so he can sell it in his theme store or even make a custom pet so he can give it as a different and fun gift to his customers.
- All the products that we design will be exclusive and original will continue with our work philosophy will have a production process of national origin.

# NEW COLLECTION

Our workshop is committed to a sustainable environment.  
We join into the movements to reduce  
plastic containers all together within the new market trends.  
These developments continue our creative line so that  
you can continue “feeling your favorite characters”  
within a national production line.

Kalidoskopio

Ancients legends say that human figures made of cloth can become endowed with a soul and in this way give life to our fantasies. Such figures are comforting friends and at night, with their watchful eyes wide open, can prevent nightmares, filtering out negative emotions and allowing a restful and happy sleep. What if these objects resembled the characters you have always loved?... And so “The Tukis” were born; now you can cuddle or just sleep next to your idols.
