A BREATH OF POETRY

The Unbearable Lightness Of Art

SPRING - SUMMER 2024

A BREATH OF POETRY

The unbearable lightness of Art

In the gentlest of whispers, our scarves enfold you in their fine, lightweight, and sensuous fabrics. They drape upon your skin like narratives, delicate veils of softness that elevate your essence. Every moment becomes unforgettable, bearing significance and identity. Our creations tell your story, revealing the facet of your personality that you wish to leave in your wake.

Art graces your everyday life, bringing the lightness of celebration, the vivacity of a life in motion, and the bonds that unite and reunite us. Our collection, inspired by the beauty of nature and nurtured by our passion for the artistic world, offers tenderness, comfort, and poetry.

It speaks to the artistic soul of those who seek beauty, harmony, and value ethical, responsible materials. Our drive for liberty and creativity finds expression in every palette and idea, placing the essential at the forefront: you.

At the heart of our creativity, our roots continue to reveal themselves. We deepen our commitment to impeccable French craftsmanship, prioritizing responsible materials. Guided by the words of Nobel laureate François Mauriac, our universe continues to nourish our imagination, coming to life within our ateliers.

Our canvas of expression? The world of art, artists, and heritage. These elements, when seen through our playful lens, become a vibrant, ever-evolving landscape. We're on a mission to innovate, creating a palette of gentle yet lively colors that dance with light, reflect, and reveal. Our zest for fun and energy continues to shine:

Open wide the doors to the Petrusse universe, now one that mirrors your own.

For over 25 years, excellence has been our thread. Creativity, the link with artists and the art world, our pigment. We have always celebrated the combination of culture and craftsmanship. We believe in the power of art to inspire, transform, and unite.

At Petrusse, our mission is to inspire and empower you to embrace your inner artist and unlock the limitless potential of your creativity. Our core identity is shaped by three fundamental values:

Liberty. Creativity. and Responsibility

We cherish these shared values, as they inspire and guide us to create a meaningful and authentic connection with all who walk alongside us.

Liberty is our compass, guiding us to explore boundless possibilities through design and fostering a flexible work environment for our team.

Creativity is the beating heart of our inspiration, drawing from art and artists, empowering us to craft unique and exceptional pieces with each collection.

Responsibility is our guiding light, leading us to embrace environmental and social consciousness. We take pride in our achievements and the positive impact we create.
