

Pet Catalogue 2024

Solutions for everyday living.

ABOUT US

Iris Ohyama was established in 1958 and began as a small town factory for plastic molding in Higashi-Osaka, Japan. More than 50 years since we developed our first original plastic product, we have continued to manufacture and supply a variety of both household and industrial products, such as furniture, home appliances, and hygiene products across the globe.

Provide «Solutions» across the world through a wide range of business development.

Iris Ohyama developed the world's first transparent plastic storage product. It influenced a change in the storage culture of the world.

Through 35 manufacturing and distribution sites with more than 15,000 employees across the globe, we have created a global supply network.

We carry more than 25,000 products and develop over 1,000 new products every year.

Kentarō OHYAMA

Founder of Iris Ohyama Group

Akihiro OHYAMA

CEO of Iris Ohyama Group

*More than sixty years of solutions
for everyday living*

WORLDWIDE SOLUTIONS

Since the 1990s, IRIS has expanded to China, United States, South Korea, and Europe. We now have more than 35 production and distribution facilities across 6 countries, manufacturing and selling locally for local consumption.

In 1998, IRIS expanded business to Europe by establishing a production factory in the Netherlands.

Today, in addition to manufacturing plastic products, we are expanding our business by importing and selling furniture and home appliances.

In 2019, IRIS established the second European factory in France. In addition to plastic products, we have begun local production of sanitary masks and circulator fans to further strengthen our production and distribution within the European market.

Our Philosophy

ORGANISE, TIDY UP, ORDER!

Our mission is to help you organise, optimise and enrich your daily life with useful objects.

We help you to put your environment in order.

ALL SOLUTIONS ARE DEVELOPED FROM **USER-IN-CONCEPT**

We believe that manufacturing is not the goal, but the means to resolving dissatisfaction.

The solution to resolve dissatisfaction is not «make what the creator thinks is good», rather «make what the user needs».

From these ideas, product development begins

THE MOST IMPORTANT THING WE VALUE IS «IDEAS»

A variety of products are being created today which began from the «ideas» of our employees.

Living alone, living together, living as a family, simply living!

**SUSTAINABLE
DEVELOPMENT**

NEW PRODUCTS

We bring these new products to the market.

SORTING OF WASTE

Recycling of products by throwing them in specific collection bins.

WASTE COLLECTION

Waste is sorted and sent to conditioners and recyclers.

CONDITIONING AND RECYCLING

Waste is treated and prepared for reuse.

REUSE OF WASTE

We reuse these recycled materials to create new products.

Our recycled products

● QUALITY CERTIFICATIONS (LABEL MORE)

Iris Ohyama France receives MORE 2023 label.
In 2023, Iris received the MORE label, which recognizes the efforts of plastics manufacturers to promote the circular economy and the use of recycled plastics in production. The MORE 2023 label recognizes our commitment to reducing the environmental footprint of our products by promoting the use of recycled raw materials in favor of environmentally friendly practices.

● RECYCLED MATERIALS IN OUR BLACK PLASTIC PRODUCTS

Composition: 100% Recycled Materials
Our black plastic products are made from 100% recycled materials, demonstrating our commitment to waste reduction and the preservation of natural resources.

Made of **100%** recycled plastic

● RECYCLABILITY: 100%

All our products, without exception, are designed to be fully recyclable, helping to create a sustainable recycling loop.

● PERCENTAGE OF RECYCLED MATERIALS USED

Incorporation: 20%
On all the products we offer, 20% recycled materials are used*. This not only guarantees the quality of our products, but also our commitment to sustainable production.

*Of the 20% used, 15% comes from recycled materials and 5% from our own waste/manufacturing scrap.
