  - Digital Twin for transit terminals
  - Image of all packages, assets and processes
  - German Award for Supply Chain Management 2023
- Prototyping and testing of new technologies
  - Automated Guided Vehicle (AGV)
  - Exoskeleton
  - Industrial robots for VAS

# Sustainability

## Our contribution to sustainable logistic processes

- EcoVadis assessment (score 2023: bronze medal)
- CDP (Carbon Disclosure Project) rated at a B level \*
- 100% renewable electricity in DACHSER facilities since 2022
- Continuous monitoring of customers' carbon footprint for transport activity with DACHSER
- Optimization of transport capacity thanks to double-deck trucks and mega trailers

\*on a scale from A - D

## New technologies and concepts for emission-free logistics

### DACHSER Emission-Free Delivery

- Local emission-free delivery concepts in at least 24 metropolitan regions in Europe by the end of 2025
- Delivery of shipments exclusively with modern emission-free vehicles (BEV & Cargo eBikes) in defined downtown areas

### E-mobility sites of DACHSER

- Testing of available local zero-emission technologies in daily practice e.g. H<sub>2</sub> fuel cell electric vehicle (FCEV) and long-haul BEV (battery electric vehicle)
- Includes charging and refueling technology as well as supply and production of electricity from renewable energies and hydrogen

# Cooperations and references

**As a partner of Cosmetic Valley and our Cosmetic 360 fair, we thank DACHSER for its daily commitment to the perfume and cosmetics industry through its determined/volontaried action to reduce the carbon footprint of our sector.**

Christophe Masson  
Managing Director Cosmetic Valley

**As a supplier and member of the Cosmed purchasing group, DACHSER has been offering our 920 companies an eco-friendly transport service for many years. The views of our members are unanimous to highlight the same attention and availability done for every company, no matter what size.**

Jean-Marc Giroux  
CEO Cosmed

Beauty  
Cluster

**DACHSER is a strategic partner for the Spanish cosmetics and perfume member companies of Beauty Cluster. Their approach to innovation, sustainability and shared values is in line with the values of our ecosystem. The know-how and specific services to the industry of DACHSER Cosmetics Logistics are key to the competitiveness of our members. It is great for us to have a capable, international partner for such a strategic part of our business.**

Ivan Borrego  
General Manager Beauty Cluster

# Cooperations and references

”

**We trust DACHSER for the distribution of our natural cosmetic products, the services they provide us are getting along with our expectations in terms of service quality as well as their commitment and actions to reduce our carbon footprint.**

Jean-Louis Lamidon  
Supply Chain Director Groupe ROCHER Opérations

**At Sederma, we have been chosen DACHSER for our domestic and international transports for several years. As a family owned-company, DACHSER embodies the values of sustainability and respect of our products intended to the cosmetics industry that we fully share.**

Alexandra Pauly  
Supply Chain Manager Sederma
