# A Smart, Collaborative Visual Database

As flexible as a  
spreadsheet

As powerful as an  
ERP

The screenshot displays a software interface with a table of opportunities and a calendar view. The table lists various projects with their status, client, and amount. The calendar view shows a Gantt chart for tasks like 'Redo the interior' and 'new partitions between the operating room'. A chat window on the right shows a conversation about a contract and project planning.

	Opportunity	Status	Client	Logo	Amount
1	Orange St-Lazar Office	First meeting	Orange		1,000,000
2	Logistics	Proposal	Cie Daniele		1,000,000
3	La Poste Installation 20	Pilote	La Poste		450,000

We got the contract ! But must be finalized by end of Feb. Still ok ?

Great, fantastic job Peter 🚀 !

Sure, planning shows James, Soufiane and John are available, see the "Team planning view". Should I create their job plan or will you do it ?

Will do, thanks JMD !

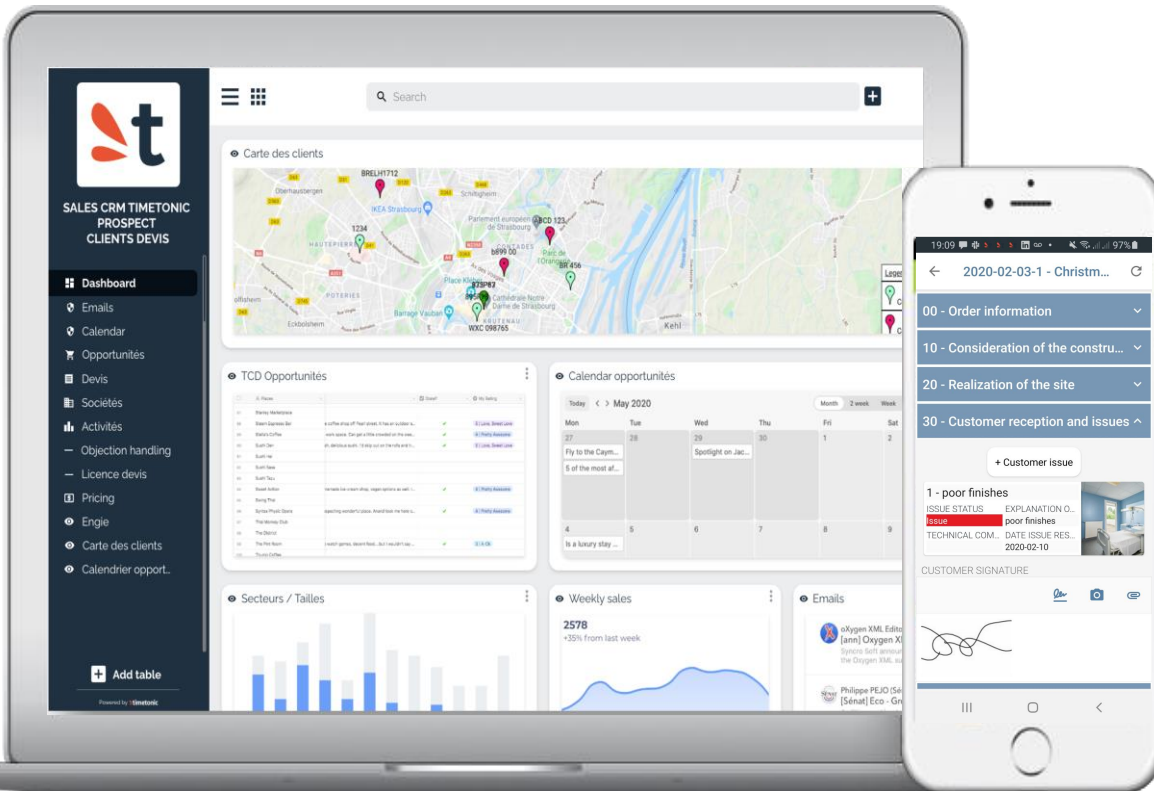

Now focus on the City network project :-)

Hard work ahead ! 🍀🍀🍀

# Loved by customers

*“We replaced a rigid mobile application developed in-house, which had taken 18 months x 3 developers, by an infinitely more flexible solution, complete with planning, field service forms, messaging and IOT maintenance management, produced in a few days with **TimeTonic**, directly by the business expert who had no knowledge of computer programming ! **We won 20 years of development** and created a solution **10 times better and 100 times faster** than with traditional development !”*

Jocelyn Moulin  
Head of Operations

# Loved by customers – cont'd

*"Adoma's IT Department was supported by **TimeTonic** in the context of setting up a new application to be deployed within very short deadlines. The simplicity of the tool offered by **TimeTonic** enabled Adoma to fully achieve its objectives"*

**Adhisika PEIRIS**
