

VoltUp Company Profile

The leading EV
charger's service
provider

Who is VoltUp

Founded in 2020 during the COVID-19 Pandemic, we wanted to create a service company to support the future of driving.

The best products and the best service for our customer are our goal. We're now present in the Luxembourg' Great Region with hundreds of chargers installed and serviced.

Product Solutions & Services

Our Business Solutions

The best single point charger on the market: strong, reliable and serviceable.

An outdoor charger of high quality and reliability, made for the big parking lots and for advertising.

Dual Eye

Our dual socket charger that combines reliability with practicality: compact and easy to operate it's the favourite of underground high-density parking lots.

New Future Product

Inch Core

Simple, reliable and compact.
It's a masterpiece of technology
and connectivity.
