360° Organizational Privacy Compliance

1 Expert

2 Months

3 Steps

1 Stakeholder Audits

Our experts will dive deep into your organization, auditing stakeholders to gain a comprehensive understanding of how personal data is used. We'll gather existing documentation and best practices, ensuring nothing slips through the cracks.

2 Record of Processing Activities

We will create a detailed Record of Processing Activities, enhancing your data privacy compliance while giving you a clear view of how each department handles personal data.

3 Maturity & Compliance Roadmap

After analyzing the audit findings and documentation, we will deliver a concise report along with a clear compliance action plan to bridge any gaps identified.

Outsource your DPO

● Effortless Governance

We'll take the lead in establishing your data privacy framework—setting up committees, appointing dedicated referents, and training your team, so you're always ahead.

● Tailored Policies & Procedures

Get compliance documents that fit your business like a glove—fully drafted, maintained, and updated for you.

● Project Management

Our DPO expert will guide your projects, handle personal data concerns, and manage contracts, so you can stay focused on growth.

● Compliance action plan

Let us lead the way in implementing your privacy action plan while you focus on your business.

● Crisis Management

In case of breaches, regulatory audits, or data requests, we'll handle it—quickly and smoothly.
