## **muse bridges the gap between museums and their visitors, empowering them to create exhibits which engage, excite, and educate**

Museums live through their visitors. **muse** is the voice of the visitor that inspires museums to create better exhibitions, programs and experiences.

**muse** encourages your visitors to be active participants with up to 30% response rate. Our playful and interactive questionnaire transforms feedback from a chore into a core part of the museum experience.

**muse** makes feedback measurable through an intuitive and interactive user-interface with real-time results allowing for timely and informed decision-making.

We are a team of experts from museums for museums. With our creative evaluation platform, we support you in curating a visionary experience in the future. Make **muse** the voice of your visitor!

**muse** is a Swiss spin-off startup from the prestigious École Polytechnique Fédérale de Lausanne (EPFL) and was made possible with funding by Migros Pioneer Fund (2019-2023)

THE VOICE OF THE VISITOR
