An application that reflects **your business**

We develop the application for your holographic kiosk **with you**.

At Holoprods, we offer a wide range of modules, here are the main ones:

- 3D object visualization
- Themed quizzes
- 3D interactive maps
- Immersive videos
- Information ...

I want a holographic kiosk!

Equip yourself with a holographic kiosk now...

- **Rental:** We want our kiosks to be accessible for any type of business and events.
- **Purchase:** If you want a kiosk for the long term or wish to design a fully personalized unit.

A **holographic display** that provides the illusion of a 3D image floating in mid-air!

A **mid-air interaction** that is hygienic, intuitive, and addictive!

At Holoprods, we offer a **standard** version of our kiosk, customizable with stickers.

But it's also possible to design a fully **personalized** unit!

Alpine speakers to ensure high-quality sound, even in noisy environments.
