YOUR FACTORY

ViS-On
VIRTUALISER LE RÉEL

INTERACTIVE AND
CONNECTED

The **documented virtual tour**
software to digitize and share
your **industrial buildings**.

DIGITAL
TWIN

51 rue Stanislas 54000 NANCY
www.sbs-interactive.fr

VIS-On is building the digital twin in a 360° virtual tour of an industrial building to facilitate maintenance, training and safety.

REMOTE ACCESSIBILITY

Immediately project yourself in your premises and prepare your interventions remotely on smartphone, tablet, pc.

DOCUMENTED AND INTERACTIVE

Enhance the visit yourself thanks to an intuitive interface, with all types of multimedia content: photos, videos, PDF, internet links ...

CONNECTED TO THE CMMS

Geolocated on a map, the visitor can see a room, search for equipment and interact with internal CMMS or EDM software.

SECURED

Recognized in the fields of Defense and nuclear, VIS-On controls the confidentiality and authorizations of visits.

REFERENCES

VIS-On is available **for any size of business** and adapts to your **specific needs**. We support and train your teams to be **100% autonomous**.
