NiaOne : The AI Systems Hypervisor

Turning AI Complexity into Confident Innovation

Govern. Secure. Trust your AI.

AI IS HERE TO STAY. GOVERNANCE IS NOW CRITICAL

In 2025, Artificial Intelligence has become a strategic imperative. But in highly regulated sectors — *banking, healthcare, and industry* — **mastering AI is no longer optional**.
It's a matter of compliance, security and corporate integrity.

The challenge is no longer to deploy AI… but to govern it.

OUR MISSION: HELPING ORGANIZATIONS REGAIN CONTROL OF THEIR AI

Through NiaOne, a unified platform that centralizes all AI systems of an organization, NIATEC enables companies to guarantee:

Governance - Security - Compliance - Confidentility - Europe's Data Sovereignty

TANGIBLE VALUE FOR EVERY DEPARTMENT

- **NiaOne : the NIATEC AI Hypervisor reduces compliance and performance risks**, preventing costly incidents and fines.
- It automates audits and maintenance, freeing teams for high-value innovation.
- **R&D teams benefit from faster debugging and a unified view** of their AI ecosystem, while compliance leaders enjoy instant, traceable reporting aligned with EU AI Act and GDPR requirements.

NiaOne provides the trusted foundation that unites performance, security, and compliance across the organization.

"With NiaOne, executive, IT, security, and legal teams share a single source of truth to drive safe and efficient AI innovation."

INNOVATION FOCUS:

NiaOne offers:

• A unified view of all active AI systems and interconnections,

• Continuous monitoring of compliance and performance risks,

• A conversational assistant to manage your AI strategy:

Monitoring & FinOps

Real-time performance dashboards

Cost optimization insights

Predictive incident alerts

Compliance & Audit

Continuous AI Act & GDPR audit

Automated reports for regulators

Explainability & traceability

Security & Audit

Drift & anomaly detection

Access control & zero trust

Attack prevention & rollback
