

HIGH PERFORMANCE SHEET METAL WORKS AND BOILER MAKING

ATC AULAGNER
CHAUDRONNERIE
haute performance

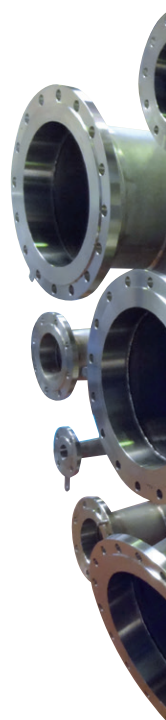

OUR COMPANY

For more than 50 years, ATC has been designing and manufacturing highly demanding sheet metal assemblies to address problems associated with corrosion and high temperatures.

Towers, reactors, heat exchangers, tubes and fittings are manufactured in special materials that are difficult to use and require a lot of cautions and pre-planning: recognized knowledge of the manufacture of pressurised equipment and mechanically welded assemblies. ATC has the status of manufacturer and applies **CE** stamp.

outlet elbow
Ø 704mm x Ø 450mm, th. 15mm
Alloy 617-590°C 20 Bars

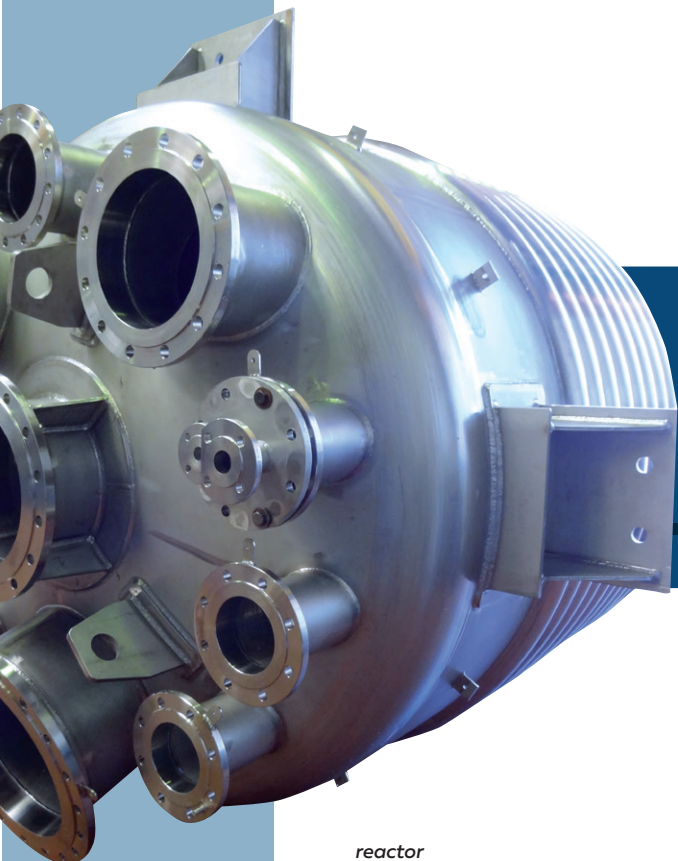

AREAS OF APPLICATION

- CHEMICAL PROCESS INDUSTRY
- PETROCHEMICALS
- PHARMACEUTICALS
- MILITARY INDUSTRY
- NUCLEAR

MANUFACTURED PARTS

reactor
20m³ Ø 2,5 m length 4m,
th. 10 mm - shell 1,4462/UR45N

**SHEET METAL
ACCESSORIES INSIDE
TOWERS**

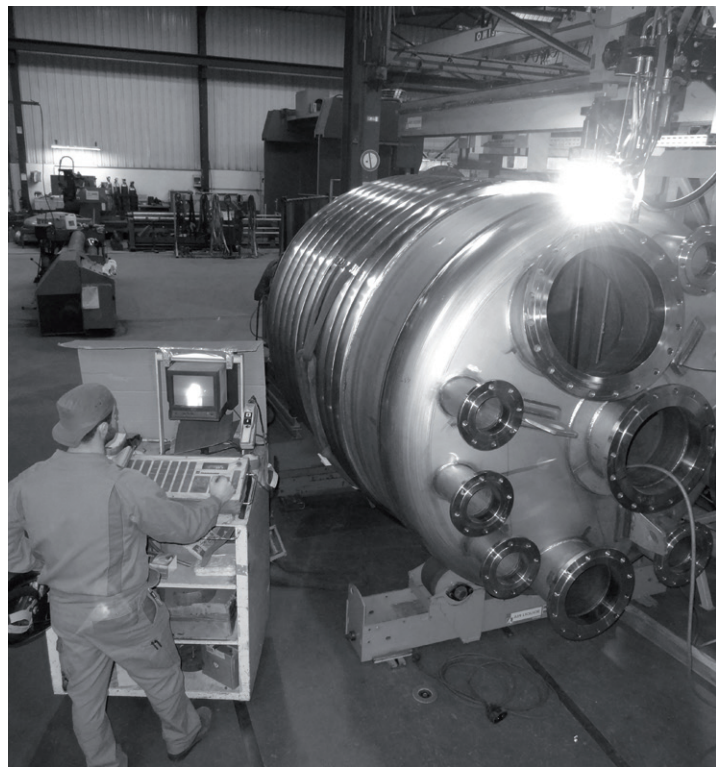

TOWERS

JACKETS

MATERIAL WORKED

- NICKEL ALLOY
- STAINLESS STEEL
- ZIRCONIUM
- COPPER
- TITANIUM
- ALUMINIUM

CAPABILITIES OF PRODUCTION

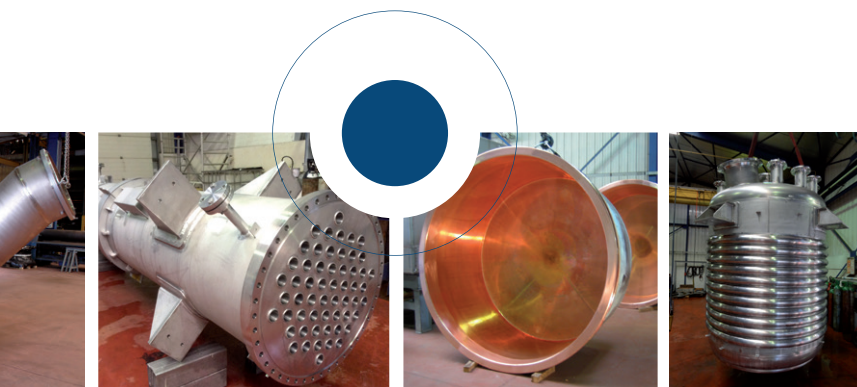

ATC has significant resources for production and control. The scale of the company and the size of its equipment are distinguishing factors and provide flexibility, responsiveness and management of expertise.

Production shop: 2500m²

Lifting: 40 t

Max. dimensions: Ø 5 m x length 30 m

Processed Thicknesses: from 1.5 to 40mm

HEAT
EXCHANGERS

TANKS,
MIXING VESSELS

REACTORS

MECHANICALLY-
WELDED ASSEMBLIES

MIXERS

SPECIFIC INSPECTIONS

- (PMI) spectrometer
- Ferritscope
- Digital thermometers
- Oxygen level controller
- Endoscope Ø 8,5mm length 4,5m

OUR CERTIFICATIONS

DESP

ISO 9001

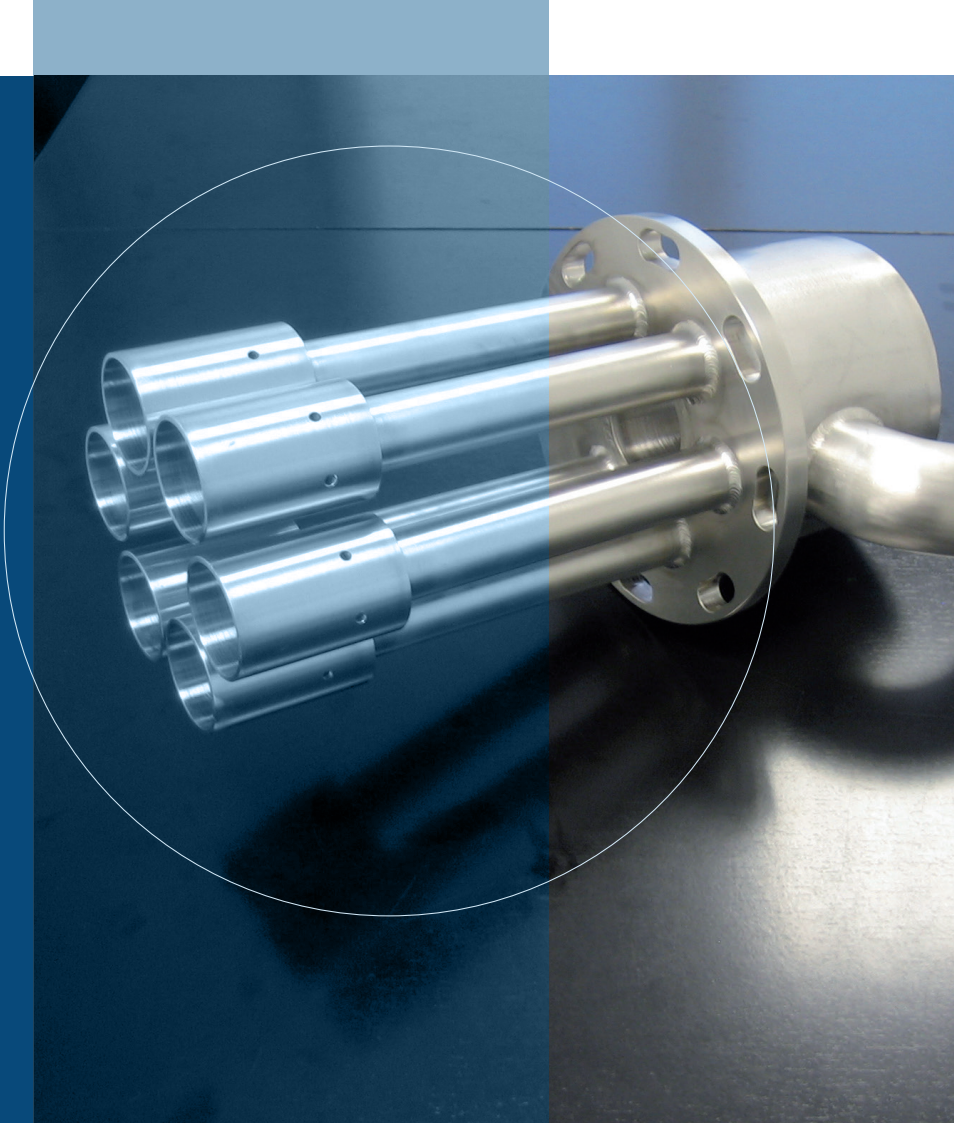

Qualifications for all welding processes (over 270 PQR) following EN or ASME.

MANUFACTURING CODES

ASME

CODAP

EN13445

OUR EXPERTISE

Perfect design management and most complex materials implementation.

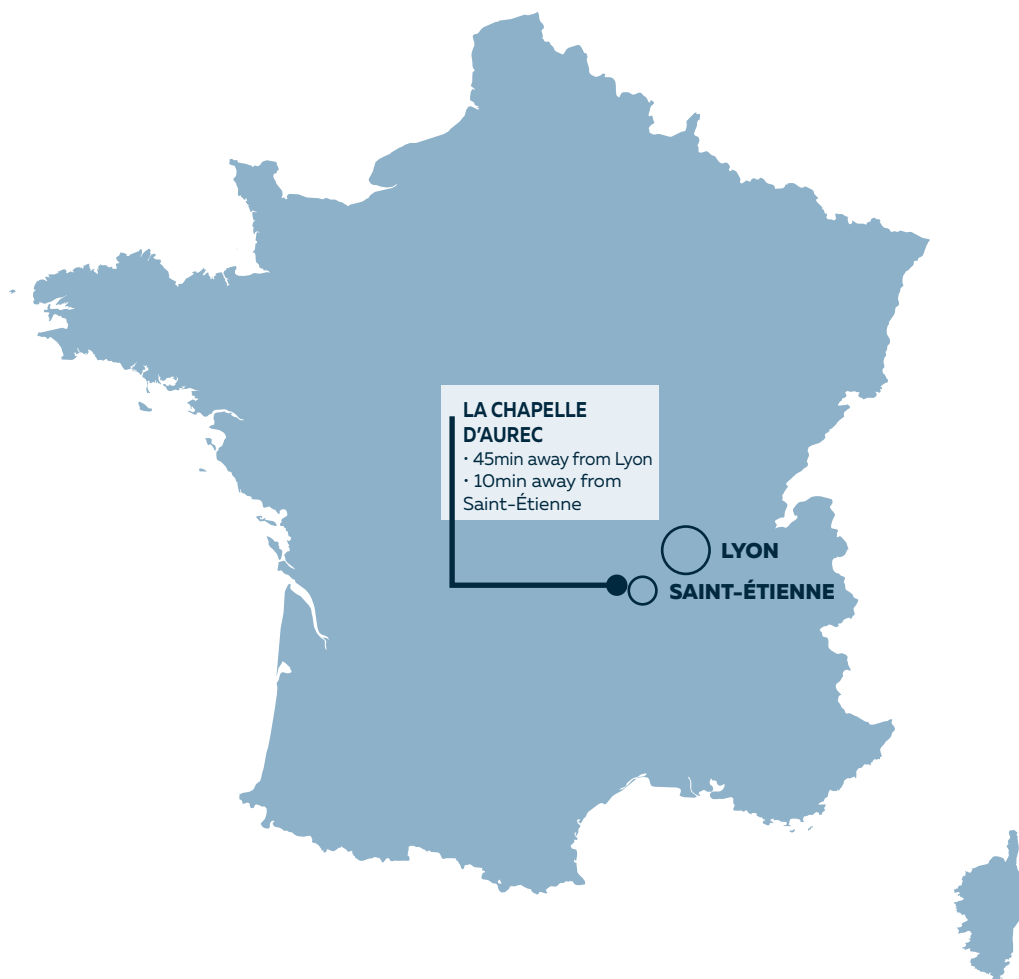

An internal design office specialized in pressurised and mechanically-welded equipment.

A highly qualified and experienced team of sheet metal workers and welders.

Total involvement of each individual perfectly aware of the strategic stakes in the success of your project.

ATC High Performance Sheet Metal Works.
