Everyday Extraordinary

What if the best day of the year... were today?

At Vallformosa, we believe you don't need a special occasion to enjoy.

We craft wines and sparkling wines to turn the everyday into something extraordinary.

## Who are we?

We are Vallformosa. Born in the heart of the Penedès over 150 years ago, today we reach more than 50 countries. And although we do not own vineyards, we work closely with over 400 wine-growing families. This is our strength: an agile, honest, and deeply human model. An approach that has led us to be named ***Best Winery 2025***.

# Our Purpose

Our purpose isn't just to make wine.  
It's to inspire real connections.  
We open bottles to spark  
conversations. We want every  
gathering, no matter how small, to  
become a memorable moment.

That's what  
*Everyday  
Extraordinary* is all  
about.

# Passion, innovation, and commitment to the environment

What sets us apart isn't just the product. It's our attitude: **We are challengers.** We question the status quo. We were the first Spanish winery to achieve B Corp certification. We created a 100% vegan portfolio. And we are pioneers in sustainability and innovation within the industry. Vallformosa doesn't just sell wine – it changes the game.

# Vallformosa Model: Collaborative Viticulture

\*

At Vallformosa, we firmly believe that great achievements are made as a team. That's why more than **400 winegrowing families** are part of the **"Sóc Vallformosa" Club**: a collaborative model where every person matters and contributes.

We work hand in hand with them throughout the year, providing technical support, training, legal and administrative advice, as well as exclusive benefits in tools, agricultural insurance, equipment, logistics, and experiences in other wine regions. Benefits that would be hard to achieve individually, but become possible through the Club.

This model allows us to be present at every stage of the process, engage in **continuous improvement, and guarantee the quality of our grapes and wines**. Caring for the land is a shared responsibility, and the commitment of these families is key to preserving the value of the territory.

The winegrowers are the soul of our project, our **extended family**, and the direct link to the land. Their knowledge, experience, and love for the vineyard are essential to crafting wines that speak of their origin and the dedication behind them. "Sóc Vallformosa" is not just a club — **it's the essence of who we are**.

# Sustainability in Action

starting in 2025

Sustainability isn't just a campaign — it's a daily commitment. We use 100% renewable energy, reduce water consumption and bottle weight, and recycle 96% of our waste. But that's not all: we're innovators. Fizztirage is the first fully recyclable circular system for fermentation caps. We don't just think about today, but about the generations to come.

# Vallformosa's recognition for excellence goes beyond borders

Over the years, our wines and sparkling wines have been awarded by some of the most prestigious international competitions, such as **Decanter**, **Gilbert & Gaillard**, the **Peñín Guide**, or **50 Great Cavas**, among others.

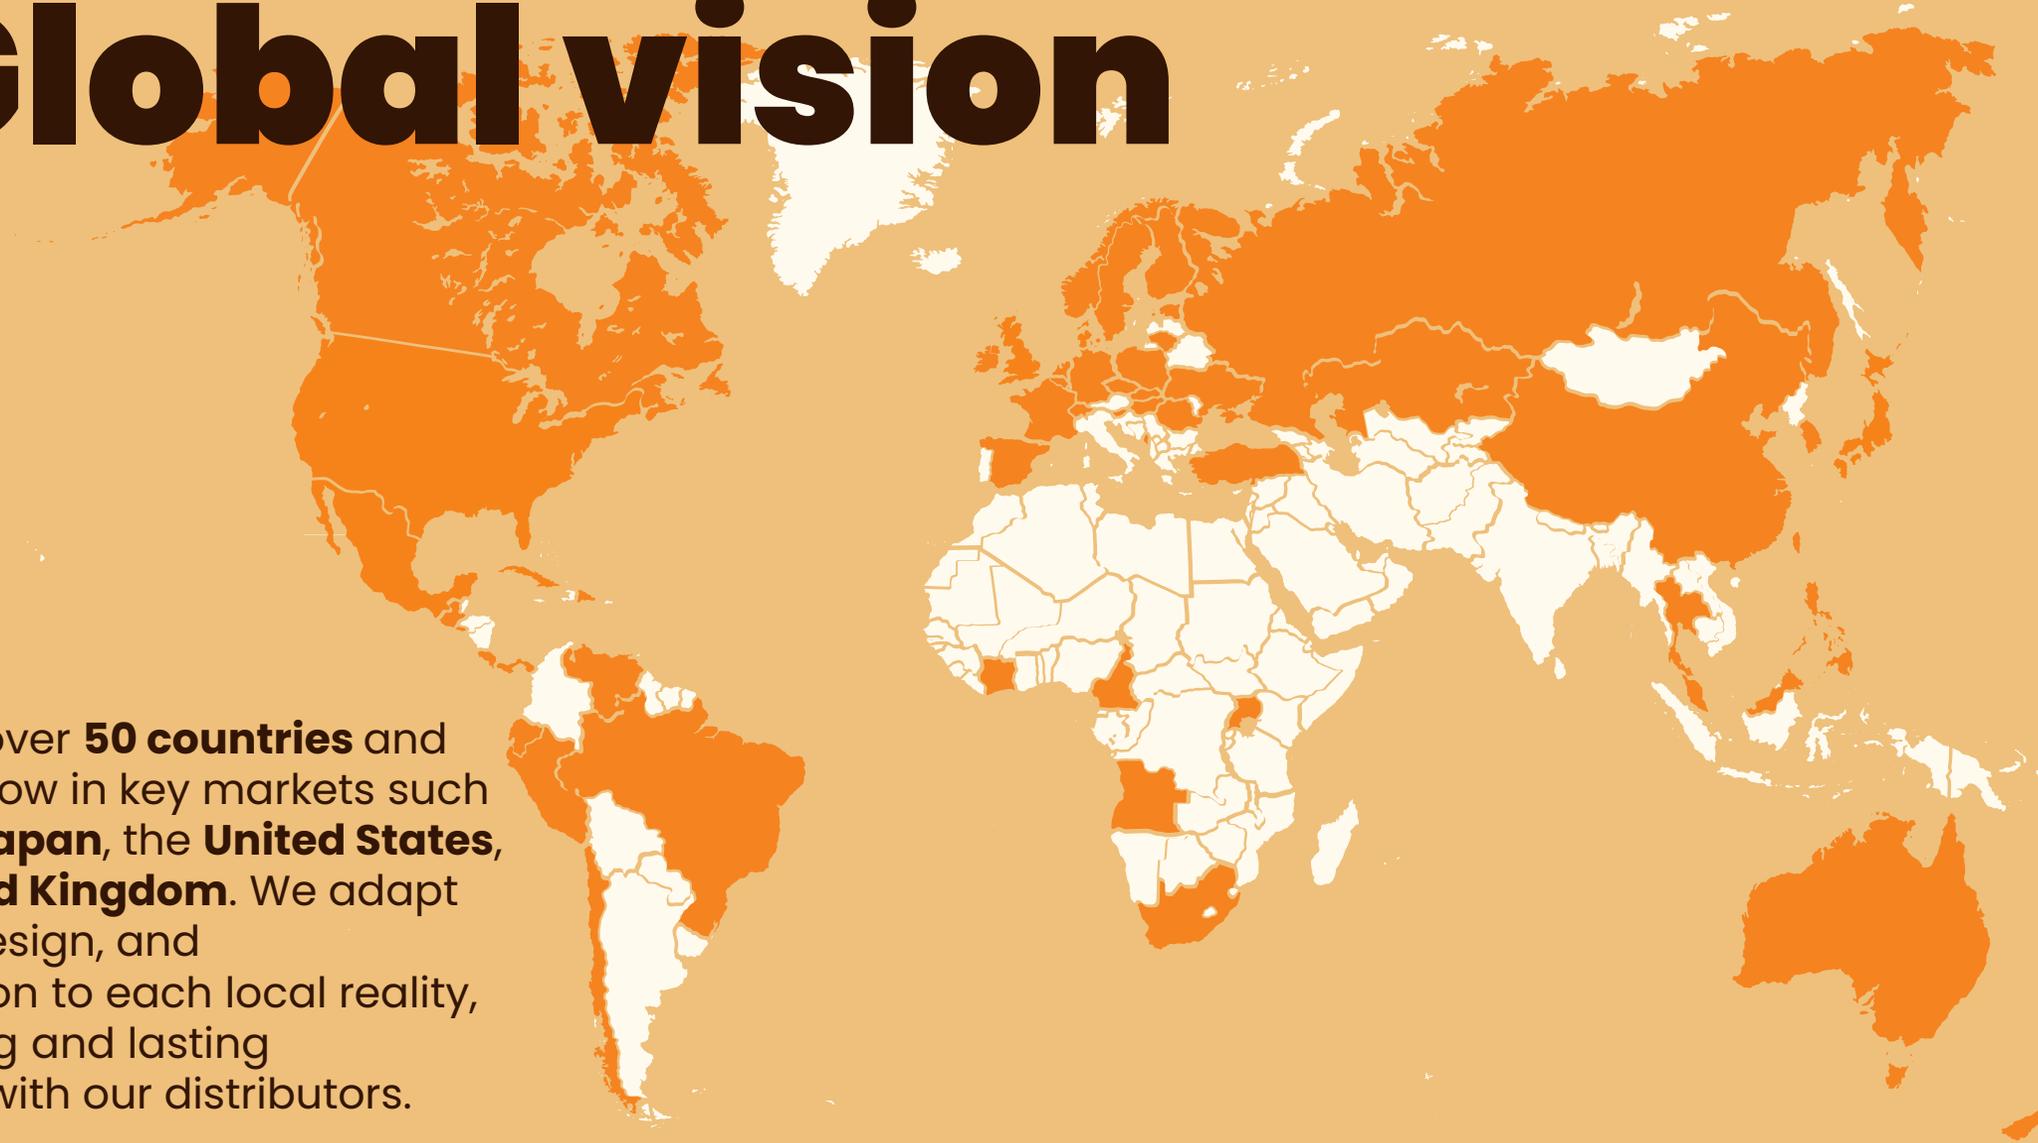

Quality that is not only perceived but consistently proven: Vallformosa has been named **Best Winery** in several editions of the Premis Vinari, including 2020, 2021, 2022, and most recently 2025, and has also been recognized as **Best Sparkling Wine Winery** in 2022 by the Berliner Wein Trophy.

These accolades consolidate our prestige and reflect our ongoing commitment to excellence at every stage of the process.

# A Global vision

We export to over **50 countries** and continue to grow in key markets such as **Belgium, Japan, the United States,** and the **United Kingdom**. We adapt our brands, design, and communication to each local reality, building strong and lasting relationships with our distributors.

# Our Team

None of this would be possible without our team. From the winegrowers to the enology, logistics, production, quality, administration, sustainability, marketing, and sales teams, we all share the same passion: creating products that inspire and represent more than just a drink. In every bottle, there's a piece of us.

# VALLFORMOSA SPRITZ

## THE TIME IS NOW

Vallformosa is a brand with history, but one that never stops moving. For over 150 years, we've crafted sparkling wines with love for the land, respect for every step of the process, and a healthy obsession with quality. Today, all that expertise transforms into a range designed for a different way of living: more urban, more chill, more free.

That's how Vallformosa Spritz was born: light, refreshing, and full of vibe. True to who we are, but with a fresh new code. It's made for real moments—authentic and unfiltered. An afterwork on the terrace. A summer afternoon with no plans. A conversation that stretches on without wanting to end. An aperitif before heading out.

Because it doesn't have to be Friday. Because any moment can become special. Because what really matters is how we live it.

And that, truly, deserves a good spritz.

# Vermut Antich

Founded in 1850 in Barcelona, Licores Antich is a symbol of tradition and history. More than 170 years later, the sixth generation of the Antich family has succeeded in reviving the spirit and essence of the original vermouth recipe. Their Original, Reserva, and White vermouths transport you straight back to the 19th century, to the heart of Casa Antich.
