ORANGE WINE

THE
STOLEN

VIOGNIER, SAUVIGNON &

The amber color of this wine is vibrant with golden highlights. The nose is intense, releasing aromas of mandarin and candied fruits. On the palate, it is complex and well-structured, offering a good balance between subtle honey notes and a fresh finish.

SOIF

LE GIN

A 100% French, 100% Bordeaux, artisanal gin, crafted by three friends from the wine industry and marketed by SAVAS.

Ingredients

Juniper, Timut pepper, Lemon Lime
Sichuan pepper, Black pepper

The initial aroma is marked by juniper and floral notes. This is followed by citrus hints, first from the lemon, then from the Timut pepper. The nose is explosive, complex, and unique. On the palate, it starts with a round and smooth attack, blending lemon and floral notes. The sweetness transitions to a mid-palate and finish dominated by spices, with resinous notes, Sichuan pepper, black pepper, Vietnamese pepper, and Lampong pepper. This gin will captivate you with its amber color and strong character.

40° – 70 cl

Ingredients

Juniper berries, Jasmine, Clementine, White pepper
Fresh wood, Butterfly pea flower

AndroGin features a refined blend of juniper and clementine on the nose. The citrus notes dominate, bringing finesse and elegance. On the palate, it shifts dramatically from our first gin, with an almost mesmerizing floral jasmine character leading the attack and mid-palate. The finish is spicier, with hints of white pepper and vanilla. This gin is complex and characterful, focusing on finesse and elegance. Its unique blue color is 100% natural, derived from the butterfly pea flower, known for its antioxidant and stress-relieving properties that help boost memory. In its pure form, the flower's natural shape and color shine, but when mixed with tonic, AndroGin lives up to its name. We won't say more—taste it for yourself!
