Sanwa WINGS Co., Ltd. Japan

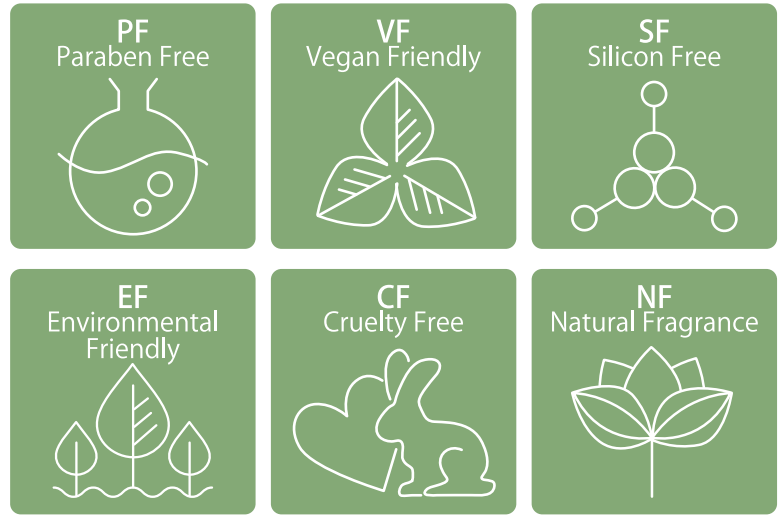
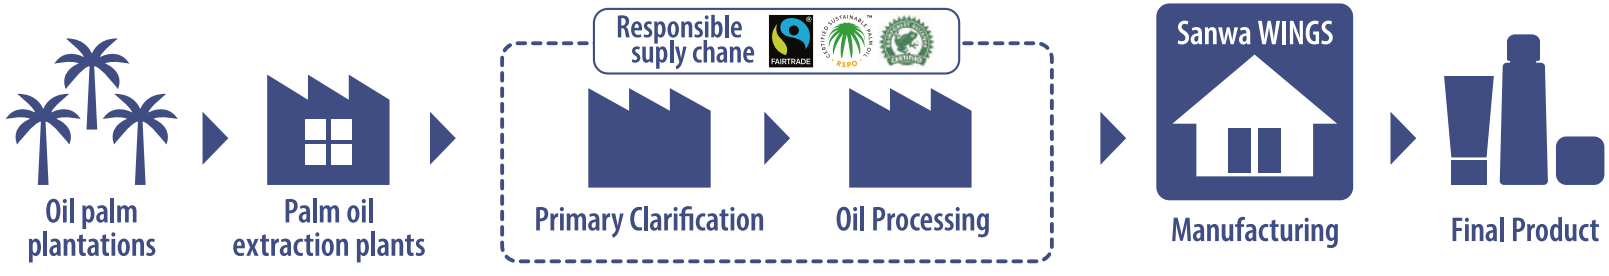
Ethical and Responsible

We are responsible for the living creatures and environment of our planet.
Thus, we propose the idea of 6F and sustainability.
By careful selection of our cosmetic ingredients, we aim to provide materials that are friendly to earth and to life.
We, as OEM maker, excels in the knowledge of manufacturing.



Sanwa WINGS Co., Ltd. Japan

We are eco-friendly and care for sustainability



Palm oil, one of the fundamental ingredient, is extracted mainly from oil palm in the South East Asia. The harvesting of the palm oil is causing a rapid decline to the area of rain forests. Thus, we have carefully constructed supply chains that are ethnical and responsible to our environment. Our cosmetics are based on the belief of making sustainability possible.
