## ABOUT ANABEL ARAM JEWELRY

Nestled in the heart of Palm Beach, Florida, Anabel Aram Jewelry embodies the essence of nature's beauty, intricately crafted into timeless pieces of fashion jewelry. After making a small butterfly charm as a gift for his daughter, Anabel, acclaimed artist Michael Aram was inspired to design a jewelry collection using the same butterfly charm as its icon.

Each piece tells a story of elegance, capturing the organic shapes, textures, and hues found in the natural world. Meticulously crafted using premium materials such as 18k gold plated brass, natural pearls, hand-painted enamel, and hand-set crystals, our jewelry reflects the harmony and balance of nature's design while embodying modern sophistication.

Anabel Aram Jewelry is designed for the modern woman who embraces both timeless elegance and contemporary style. Whether it's a statement necklace, a dainty bracelet, or a pair of striking earrings, our pieces effortlessly elevate any ensemble, adding a touch of sophistication and allure. Launched in 2023, we invite you to celebrate life's moments with style through our exquisite collections.

## BAMBOO

Like the bamboo tree, which establishes an elaborate root system before rising to the sky, the Anabel Aram Bamboo Jewelry Collection is a reminder of the human spirit's patience, inner strength, and perseverance. A fresh twist on a favorite motif, the Bamboo collection's chunky gold silhouettes adorned with delicate crystal pavé are modern basics.

## MILOS

The Milos Collection captures the timeless allure of the European coastline, where azure waters meet sun-kissed shores and ancient traditions blend with modern elegance. Each handcrafted piece features lustrous gold plating over brass, creating a warm foundation that beautifully complements an array of natural gemstones sourced from coastal regions. From the deep oceanic blues of lapis lazuli and turquoise to the soft blush of rose quartz and the iridescent shimmer of mother of pearl, every stone tells a story of the sea's natural artistry.

# BUTTERFLY

With ginkgo leaves for wings, and a twig as its body, the Anabel Aram Butterfly Jewelry Collection borrows from Michael Aram's most iconic Butterfly Ginkgo motif. With leaves and twigs metamorphosing into butterflies, this collection is symbolic of change, renewal, and strength. Imagine the leaves of a ginkgo tree transforming magically into thousands of fluttering butterflies. # WILDFLOWERS

The inspiration for Wildflowers came from the discovery of a set of 19th century hand-tinted, botanical illustrations which, over time, had faded to muted, dusty tones. Touched by how beautifully each wildflower had been rendered in the antique drawings, this collection aimed to capture and recreate the naturalistic movement and gentle hues in hand-enameled and sculpted metal. Uncultivated by definition, wildflowers reflect the ideal of “perfectly imperfect” and capture a sense of carefree innocence in the fleeting joyfulness of nature.

# SERPENT

Indulge in the sinuous curves and mysterious sophistication of the Anabel Aram Serpent Collection. Long considered a symbol of the Divine Feminine, serpents symbolize transformation, rebirth, wisdom, and healing. Wearing snake jewelry in ancient times was associated with immortality and protection, while Queen Victoria's engagement ring put the spotlight on serpents as a symbol of romance and eternal love. Rendered in 18k gold dipped brass and hand-set pavé crystals, the twisting and turning silhouettes evoke a sense of timeless glamour.
