BRAND COLLABORATION INTRODUCTION

COLLABORATION

PLEATSMAMA actively participates in creating a meaningful consumption ecosystem through collaborations with various companies.

Olive Young

Collaboration Story

In celebration of Olive Young's 25th anniversary, we designed the 25th HBD Pouch to commemorate all the days of discovery, inspiration, and challenge. The PLEATSMAMA x Olive Young HBD Pouch, featuring Olive Young's signature key colors, is crafted in a horizontal pleated design, making it ideal for carrying various items.

During the promotional period, as a gesture of gratitude for the unwavering support over the years, a total of 1 million pouches were distributed through Olive Young stores and the online mall. This large-scale promotion ensured that every customer received a pouch, regardless of their purchase amount, making it a truly memorable celebration.

Collaboration Products

- 25th Anniversary HBD Pouch
- Material: Recycled Polyester 95% / Recycled Spandex 5%

Doraemon

Collaboration Story

PLEATSMAMA, a brand that cares deeply for both you and the planet, has partnered with the warm and beloved “friend to all,” Doraemon, to create the comforting and heartfelt PLEATSMAMA Doraemon Edition. Launched in celebration of Earth Day, this collaboration campaign was inspired by the shared commitment to protecting the planet and preserving the environment. Under the slogan, *“There comes a moment when everyone needs a friend who shares their heart,”* the campaign was carried out both online and offline, highlighting the spirit of togetherness and sustainability. As part of the promotion, customers who purchased items from the Doraemon Edition received a special gift set, including a secret postcard featuring an encouraging message from Doraemon and a reusable Doraemon handkerchief. This thoughtful initiative reflected the commitment of both brands to creating a greener future while spreading warmth and cheer.

Collaboration Products

- Poodle Bag in 2 colors
- 2Way Cross Bag in 3 colors
- Sacoche Bag in 2 colors
- Mini Bubble Bag in 3 colors
- Pouch in 3 colors
- Material: Recycled Polyester 94% / Recycled Spandex 6%

Line Friends

Collaboration Story

PLEATSMAMA, a brand dedicated to protecting the planet and the environment, has partnered with LINE FRIENDS, globally beloved characters that bring vibrant urban energy. Together, these two brands with shared values for sustainability have introduced an ECO collaboration that delivers a charming and uplifting experience. In celebration of World Environment Day in June, we participated in “Naver Green Shopping Week,” joining 15 eco-conscious brands to showcase various sustainable products. Under the slogan “FOR EARTH – A Love Letter to Our Planet,” we launched both online and offline campaigns to express our love and commitment to the Earth.

As a special highlight, we introduced the first-ever recycled Brown keyring made from discarded *Het-bhan* container PP material, offering it as a promotional gift.

Collaboration Products

- 2Way Shopper Bag in 3 colors
- Shoulder Bag in 2 colors
- Nano Bag in 3 colors
- Brown Keyring
- Material: Recycled Polyester 94% / Recycled Spandex 6%

Everland_Bao Family

Collaboration Story

Ahead of Louis Bao and Hui Bao's first birthday celebrations and the Bao Family's shared birthday in July, PLEATSMAMA introduced its first licensed collaboration bags with Bao Family at the "Bao Family Pop-Up Store Season 2," hosted by Everland at The Hyundai Seoul.

The first collaboration lineup, themed "All the Joyful Moments of the Bao Family," featured bags adorned with various woven artworks, reflecting the playful spirit of the characters. Following the positive response from the pop-up store, the second collaboration lineup expanded to include a greater variety of bags crafted using diverse knitting techniques. This successful partnership marked a significant milestone in our licensing collaboration with the beloved Bao Family.

Collaboration Products

- 2Way Shopper Bag in 2 designs
- Shoulder Bag in 3 designs
- Nano Bag in 2 designs
- Nano Pouch in 1 design
- Wappen in 7 designs
- Material: Recycled Polyester 93% / Recycled Spandex 7%

BRITA

Collaboration Story

In collaboration with BRITA, the German eco-friendly water filtration brand that provides a sustainable alternative to single-use plastic water bottles, we launched a pop-up under the concept of “An Oasis in the City.” As part of this collaboration, we created eco-friendly keyring accessories made from recycled BRITA filters. At the PLEATSMAMA x BRITA pop-up store held at PLEATSMAMA’s Samcheong flagship location, visitors could watch a video showcasing the recycling process of used BRITA filters. The exhibition also introduced the upcycling journey of transforming filters into flakes and keyrings, offering a hands-on experience where customers could craft their own upcycled keyring accessories. This pop-up provided a unique opportunity for customers to engage with the collaboration and explore the sustainability stories behind the brands.

Collaboration Products

- Plahng Keyring using Upcycled BRITA filters
- Recycled keyring accessories
- Material: Recycled Polypropylene 100%

Logitech

Collaboration Story

PLEATSMAMA and Logitech, two brands dedicated to sustainability, have come together to present beautiful and practical eco-friendly products. Inspired by Logitech's best-selling PEBBLE 2 series, known for its use of recycled plastic and packaging made from recycled paper, this collaboration features a mini tote keyboard bag designed to hold a wireless keyboard and a nano pouch for storing a mouse. These eco-conscious items were crafted with care and offered as a limited-edition gift.

Collaboration Products

- Mini Tote Bag Keyboard Bag 3 colors
- Nano Bag Mouse Pouch 3 colors
- Material: Recycled Polyester 93% / Recycled Spandex 7%

Tefal

Collaboration Story

During the summer vacation season, we introduced a special collaboration set in partnership with Tefal, a global leader in kitchen and home appliances. This collaboration set reflects the trend of considering both style and sustainability while traveling. It includes Tefal's Pure Pop handheld steamer and a specially designed string bag by PLEATSMAMA. The string bag, inspired by the best-selling colors of the Pure Pop, features a grid pattern and serves multiple purposes: as a pouch for the steamer during transit and as a stylish and eco-friendly string bag for versatile use at your travel destination.

Collaboration Products

- Sting Bag
- Material: Recycled Polyester 93% / Recycled Spandex 7%

Green Card

Collaboration Story

PLEATSMAMA, a brand that cares for the environment, has teamed up with Green Card to create eco-friendly goods. Drawing inspiration from Green Card V1, V2, and the signature color of V3, we've designed the 'Green Goods' collection to highlight the importance of sustainability. This collaboration promotes the message, "Practice carbon neutrality and protect the planet through Green Goods." Launched during Green Consumption Week in June, the collection was accompanied by exciting promotions and engaging events.

Collaboration Products

- Green Card Mini Tote Bag
- Green Card Pouch
- Green Card Seal Plush
- Material: Recycled Polyester 93% / Recycled Spandex 7%

10 Corso Como**Collaboration Story**

In February 2024, We participated in the "Milan Love Seoul" Exhibition held in Milan, Italy, showcasing sustainable beauty. Within the exhibition, 10 Corso Como Milan flagship store, which supported PLEATSMAMA's beauty and sustainability, exhibited collaborative bags and Cherry Blossom Edition Bags, further spreading the values and beauty of PLEATSMAMA.

Collaboration Products

- Collaboration Shoulder Bag for Exhibition
- Material: Recycled Polyester 93% / Recycled Spandex 7%

KAKAO GIFT_GiftX Season 1

Collaboration Story

Through collaboration with "KakaoTalk GiftX," a new form of gift service combining products and on/offline events, where gifts and experiences meet to create a bond between brands and customers, we launched a collaborative project. This included the creation of exclusive collaborative bags and the opening of the "GiftX PLEATSMAMA EEUT Me:cycle DIY" customer experience program for sustainable lifestyles.

Among these offerings, the "Dream Bag," inspired by birthstones and commemorating birthdays, was released under the concept of "a bag that fulfills dreams filled with luck," signifying a unique and exclusive item.

Collaboration Products

- Gift X Exclusive Dream Bag in 12 colors
- Gift X Exclusive Mini Dream Bag in 12 colors
- Custom Bracelet Making X-perience using Recycled Knit
- Personal Bag Curation
- Material: Recycled Polyester 93% / Recycled Spandex 7%

KAKAO GIFT_GiftX Season 2

PLEATSMAMA | 카카오톡 선물하기

Collaboration Story

As part of our second collaboration with KakaoTalk GiftX, a new gifting experience that combines products with online and offline events in innovative ways, PLEATSMAMA hosted the event under the theme “Neighbor Workshop” at its second flagship store, located in Gwangjang Market.

For this collaboration, we introduced the Dream Bag Pouch, a new addition to the Dream Bag line inspired by birthstones. At the store, customers could personalize their eco-friendly recycled name tags by attaching patches of their choice, creating a unique and customized accessory. Additionally, we offered a personal bag curation service to match individual preferences.

To further enrich the experience, we collaborated with local shops within Gwangjang Market to provide exclusive snacks and treats, creating a unique and memorable program that could only be enjoyed in the market setting.

Collaboration Products

- Gift X Exclusive Dream Bag Pouch 12 colors
- Recycled Knit Nametag Customizing X-perience
- Personal Bag Curation
- Dessert Coupons within Gwangjang Market
- Material: Recycled Polyester 93% / Recycled Spandex 7%

KAKAO GIFT_GiftX Season 3

Collaboration Story

As part of our third collaboration with KakaoTalk GiftX, a gifting service that blends products with online and offline events in creative ways, PLEATSMAMA proudly introduces the Tote Bag Flower Edition, designed to inspire a greater appreciation for endangered flowers facing extinction.

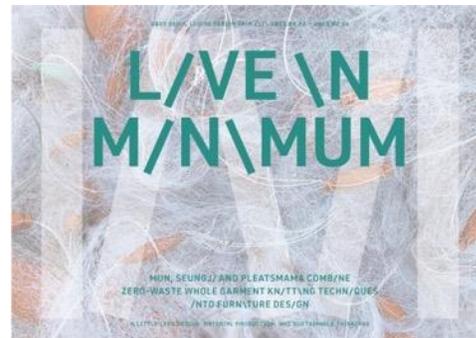

In addition, we organized interactive programs to share PLEATSMAMA's dedication to sustainability. Participants could craft fragrant smudge sticks using discarded flowers and herbs from flower wholesale markets and herb farms. They could also personalize pouches to reflect their unique tastes. These experiences allowed customers to engage with our mission for a sustainable future while celebrating the beauty of nature.

Collaboration Products

- Tote Bag Flower Edition in 3 designs
- Smudge Stick making X-perience
- Personal Pouch Customizing
- Material: Recycled Polyester 93% / Recycled Spandex 7%

Collaboration with Artist Seungji Mun_ LIVING FAIR

Collaboration Story

We integrated a zero-waste knitting manufacturing technique with environmental concerns into furniture design by artist Seungji Mun, aligning with the artist's and the brand's vision of creating designs and materials that "taking out a little more". This approach not only aimed to produce furniture and materials in a sustainable manner but also infused considerations for the environment into both the space and the artwork, sharing them with the audience and conveying a message about sustainable design.

Collaboration Products

- 8 Types of design furniture like Stools, Lampshades, etc.
- *Material: Wasted Fishing Net Recycled Nylon 100%

SHAKE SHACK

Collaboration Story

In celebration of Earth Day in April, we collaborated with Shake Shack, incorporating the key colors of Shake Shack into our signature pleats design. This release aimed to encourage consumers to engage in value-based consumption and participate in activities to protect the environment. Additionally, the flagship store EE UT Samcheong organized the first offline event where customers bringing in PET bottles received a complimentary Shake Shack custard ice cream. Furthermore, at Shake Shack Starfield Goyang, an eco-friendly art class for mothers and children was held, offering an opportunity to create DIY bags from PLEATSMAMA alongside environmentally-conscious education at eye level.

Collaboration Products

- Shake Shack Nano Bag
- Shake Shack Keyring
- Eco-Bag
- Material: Recycled Polyester 93% / Recycled Spandex 7%

MUJI

Collaboration Story

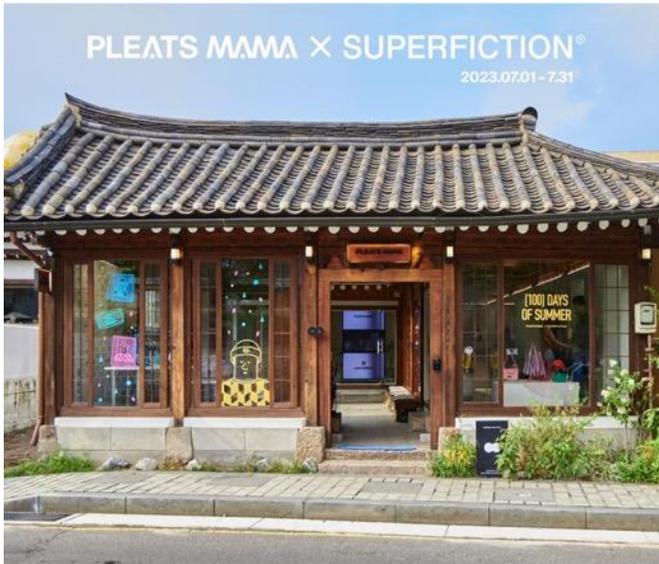

Based on the shared values of two brands that prioritize environmentally conscious preferences with the theme of sustainable living, a "Conscious Living Room" pop-up store was planned and operated at MUJI Gangnam Store. Focused on the harmonious blend of sustainability and everyday life, the store featured brand introduction zones, lifestyle zones, and display zones. It vividly portrayed PLEATSMAMA's brand story by showcasing a diverse range of recycling initiatives, from collecting domestic PET bottles to recycling nylon from wasted fishing nets.

Collaboration Products

- PLEATSMAMA's signature products, providing on-site customized embroidery services through reservation
- Material: Recycled Polyester 93% / Recycled Spandex 7%

SUPERFICTION

Collaboration Story

As our second summer campaign "100 DAYS OF SUMMER," a collaboration with the creative design studio Superfiction resulted in the release of six collaborative bags. Bringing together the signature pleats bags with the imaginative and fun characters of Superfiction, we showcased fashionable content along with videos portraying episodes that could enhance the fun of summer days. Additionally, we operated a collaboration zone at the flagship store EE UT Samcheong, where customers participating in a traditional arrow throwing game received complimentary ice cream as part of an offline event.

Collaboration Products

- 2Way Shopper Bag Superfiction Edition Blue
- Sacoche Bag Superfiction Edition Turkey Green
- Shoulder Bag Superfiction Edition Magenta
- Nano Bag Superfiction Edition Blue/Turkey Green/Magenta
- Material: Recycled Polyester 93% / Recycled Spandex 7%

SKT_BULTINA MARKET

Collaboration Story

As part of the SK Telecom T Membership Bultina Market collaboration edition with creator Heeju and artist Cha Incheol, we launched a collection of hot collaborative items curated to sell like wildfire, tailored to the tastes and trends of the younger generation. The collection features pleated bags adorned with jacquard artwork that symbolizes blooming flowers and plants from pots and the surge of ideas in one's mind. The bags are designed in vibrant, high-saturation colors like blue and pink, giving off a playful and energetic vibe.

Additionally, flagship stores in Samcheong-dong (EE UT Samcheong and Gwangjang locations) and a pop-up store in Seongsu-dong were set up, allowing customers to experience the one-of-a-kind story behind the collaboration.

Collaboration Products

- 2way Shopper Bag
- Bow backpack 3colors
- New Sacoche Bag
- Laptop Pouch 2 colors
- Material: Recycled Polyester 93% / Recycled Spandex 7%

Korea Cultural Heritage Visit Campaign

Collaboration Story

We participated in the '2023 Korea Cultural Heritage Visit Campaign Special Event' commemorating the 140th anniversary of Korea-UK diplomatic relations held in the UK. We showcased a video featuring our brand story, opened a dedicated booth to unveil collaboration editions, and exhibited bags designed to incorporate the essence of Korean traditional culture by adding a modern reinterpretation of the red lotus pattern from the Dancheong of Gyeongbokgung Palace.

At the London event venue, they shared the charm of traditional cultural heritage and brand identity by presenting our collaboration Shoulder Bags to visitors.

Collaboration Products

- Collaboration Shoulder Bags and 5 different types of bags on display
- Material: Recycled Polyester 93% / Recycled Spandex 7%

POSCO E&C

Collaboration Story

We signed a business agreement with POSCO E&C and have been working on the development of specialized products for sustainable design within residential spaces. Through this collaboration, we will not only participate in the development of eco-friendly fabrics unique to POSCO E&C's premium apartment "THE SHARP", but also expand its scope as a brand that communicates a sustainable lifestyle beyond the realm of fashion.

The eco-friendly fabrics introduced for THE SHARP are made using sustainable materials, such as recycled PET bottles collected domestically. The production process minimizes waste through the application of the whole garment knitting technique. The finished products will be applied to wall panels, system furniture, and other elements within individual units and community facilities of THE SHARP apartments, as well as in future development projects.

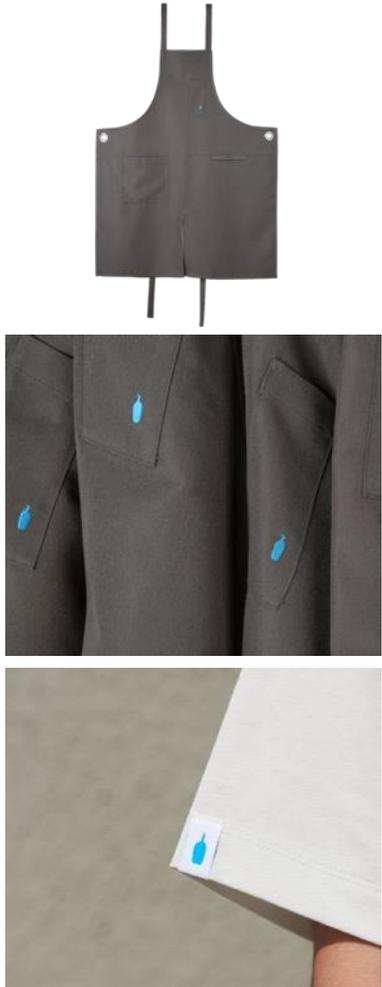

Collaboration Products

- Fabric Wall

Blue Bottle Coffee

Collaboration Story

With the opening of a Jeju branch at Blue Bottle Coffee, PLEATSMAMA collaborated to produce t-shirts and aprons for baristas to wear.

Both the t-shirts and aprons were made using yarn recycled from PET bottles collected in Jeju Island. By transforming waste resources collected in Jeju into meaningful products and sending them back to the island, we created a meaningful cycle of sustainability.

Collaboration Products

- Blue Bottle Coffee Apron
- Blue Bottle Coffee T-Shirt

Material:

Apron: Recycled Polyester 100%

T-Shirt: Cotton 58% / Recycled Polyester 42%

Hyundai Card

Collaboration Story

The collaborative product launched in partnership with Hyundai Card was introduced as part of the "Be Smart, Recycle" campaign conducted by Hyundai Card from April 2021 for approximately six months. It resulted from the recycling of 30,000 bottles (1 ton) of waste PET bottles collected at the Hyundai Card headquarters in Yeouido, Seoul. Hyundai Card employees collected 1 ton of waste PET bottles, which were then extracted into eco-friendly Regen yarn by Hyosung TNC. We then created the Shoulder Bags from this, giving them a new life.

Collaboration Products

- Shoulder Bag Cream Black
- Shoulder Bag Cream Pink
- Material: Recycled Polyester 93% / Recycled Spandex 7%

Innisfree

Collaboration Story

As part of Innisfree's "Happy Earth Day" campaign, which unfolded on April 22nd in celebration of Earth Day, PLEATSMAMA and Innisfree jointly unveiled the Nano Bag under the theme "From PET Bottles & Empty Bottles to Bags." This initiative was planned under the concept of utilizing recycled materials to promote sustainability. Innisfree has been collecting transparent empty bottles from consumers as part of their bottle recycling campaign since last year, contributing 0.1 ton of empty bottles. PLEATSMAMA, on the other hand, has been recycling PET bottles collected from Jeju Island, which were used as the raw material for the Nano Bag. The color scheme features deep green and ivory, reflecting Innisfree's nature-friendly identity and commitment to promoting healthy beauty through sustainable actions.

Collaboration Products

- Mini Shoulder Bag in 7 colors
- Material: Recycled Polyester 93% / Recycled Spandex 7%

Collaboration Story

A special collaboration with LINE FRIENDS' global characters, BT21, has brought to life the Mini Shoulder Bag collection. Featuring seven beloved characters—TATA, CHIMMY, COOKY, MANG, KOYA, RJ, and SHOOKY—this collection showcases a unique silhouette and vibrant color palette that perfectly captures the playful and energetic spirit of BT21, creating an unparalleled synergy.

Collaboration Products

- Mini Shoulder Bag (7 colors)
- Material: Recycled Polyester 93% / Recycled Spandex 7%

Hyundai Motors_STUDIO I

STUDIO I

Collaboration Story

With the release of Hyundai Motor's Electric Vehicle Ioniq 5, we collaborated with Studio I, a sustainable lifestyle experience space for Ioniq. Reflecting Ioniq's signature blue color, we presented Shoulder Bags, Laptop Pouches, Mini Tote Bags, and pure eco bags at the Studio I store.

Furthermore, we hosted a lecture on the theme of "The Rebirth of PET Bottles", bridging the gap between fashion and automotive industries. Despite being in completely different sectors, both brands presented our unique standards under the keyword "environment", subtly conveying a sustainable lifestyle.

Collaboration Products

- Shoulder Bag / Laptop Pouch / Mini 2Way Bag / Pure Eco Bag
- Material: Recycled Polyester 93% / Recycled Spandex 7%

AUDI

Collaboration Story

We collaborated with Audi twice:

The first collaboration involved selecting PLEATSMAMA's signature item, the Shoulder Bag, and incorporating Audi's logo into the point label, infusing it with Audi's identity.

The second collaboration aimed to promote environmental awareness during the Audi Driving Experience event. We collaborated with Audi to produce jersey t-shirts for participants. These shirts were made from 100% recycled polyester, derived from PET bottles, offering a suitable texture for summer wear.

Collaboration Products

- Shoulder Bag / Jersey T-Shirt
- Material:
 - Shoulder Bag: Recycled Polyester 93% / Recycled Spandex 7%
 - Jersey T-Shirt: Recycled Polyester 100%

LG gram

Collaboration Story

Under the slogan "Hustle Hub", LG gram crafted kits for its overseas VIP customers. In collaboration with PLEATS, we produced laptop pouches tailored for global VIP customers in countries such as the United States, Japan, and Europe.

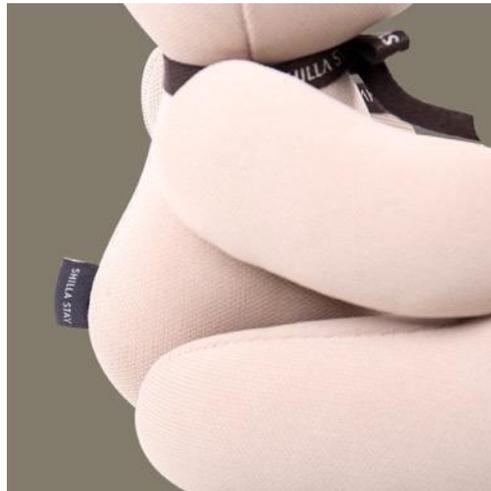

These laptop pouches, released through the collaboration, were specially designed to accommodate laptops ranging from 13 inches to 17 inches securely, with separate partitions installed inside. Moreover, to emphasize eco-friendliness, all the lining and padding inside the laptop pouches were made from 100% recycled yarn, adding an environmentally conscious touch to the product.

Collaboration Products

- Laptop Pouch 2 colors
- Material: Recycled Polyester 93% / Recycled Spandex 7%

Shilla Stay

Collaboration Story

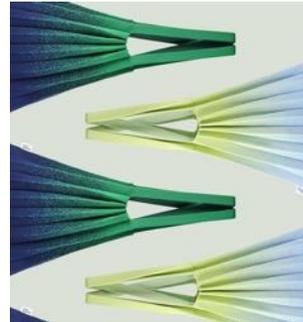

For the opening of Shilla Stay West Busan, located adjacent to a beautiful ecological park, Shilla Stay conducted an eco-campaign. In collaboration with PLEATSMAMA, we introduced the Shilla Stay's signature bear made from eco-friendly yarns for the eco-campaign. The Eco Bear, unveiled in collaboration with Shilla Stay, was not only made with eco-friendly materials on the outside but also utilized recycled materials for the stuffing inside. It was exclusively showcased for a limited period at Shilla Stay West Busan.

Collaboration Products

- Shilla Stay Eco Bear
- Material: Recycled Polyester 93% / Recycled Spandex 7%

P4G_Ministry of Foreign Affairs

Collaboration Story

The P4G Seoul Summit, which stands for 'Partnering for Green Growth and the Global Goals 2030', is the first-ever global multilateral summit in the field of environment held in South Korea.

The P4G Seoul Summit is a global forum established for businesses and governments to address climate change. It aims to find solutions related to climate change in areas such as food, water, energy, cities, and circular economy, which are part of the Sustainable Development Goals adopted by the UN in 2015, and to support developing countries.

To commemorate the P4G Seoul Summit, we released the Gradation Shoulder Bags and Nano Bags featuring the identity colors of P4G, representing the blue nature and the earth.

Collaboration Products

- Shoulder Bag Forest Green / Sky Lime
- Nano Bag Forest Green / Sky Lime
- Material: Recycled Polyester 93% / Recycled Spandex 7%

LG H&H_belief

Collaboration Story

In celebration of Earth Month in April 2021, Belif collaborated with PLEATSMAMA to release a special edition of their "The True Cream-Aqua Bomb" called the Jumbo Edition. This edition combines Belif's beloved "The True Cream-Aqua Bomb," known for its explosive moisture, with PLEATSMAMA's Nano Bag, which is made from recycled PET bottles and is popular for its ability to store cell phones and small belongings. Additionally, they applied an all-in-one packaging approach to minimize excessive packaging, embodying the philosophy of both brands in caring for the environment and the Earth.

Collaboration Products

- Nano Bag
- Material: Recycled Polyester 93% / Recycled Spandex 7%

BGF RETAIL_CU

Collaboration Story

CU, one of Korea's leading convenience store chains, made history by introducing eco-friendly bags as the first convenience store to do so. They initiated the "Be Green Friends" campaign under the Green Move initiative, advocating for the use of tumblers and reduction of disposable items. As part of this campaign, CU collaborated with PLEATSMAMA to introduce collaborative products.

Through these initiatives, CU aimed to engage customers in eco-friendly practices, empowering them to incorporate environmentally conscious behaviors into their daily lives.

Collaboration Products

- 1st: Shoulder Bag / Flap Cross Bag
 - 2nd: CU Transparent PET Bottle Recycling Bin
- Shoulder/Cross Bag: Recycled Polyester 93% / Recycled Spandex 7%
- Recycling Bin: Recycled Polyester 100%

LocknLock

Collaboration Story

Through the year-long eco-friendly campaign called "Love for the Planet," LocknLock and PLEATSMAMA have collaborated twice, consistently exerting efforts to contribute to the environment by collecting and recycling durable containers.

The first collaboration was showcased through a campaign titled "Lock the Earth," where we designed a Mini Tote Bag that can hold LocknLock's signature container, the "Top Class" as part of a set.

Building on the success of the first collaboration, the partnership extended to a second collaboration. This time, we introduced a mesh bag perfect for the summer season, capable of holding more containers and providing a refreshing feel.

Collaboration Products

- Mini 2Way Bag
- Mesh Net Bag
- Material: Recycled Polyester 93% / Recycled Spandex 7%

HYUNDAI HOME SHOPPING

Collaboration Story

We collaborated with Hyundai Home Shopping's campaign "Polar Bears Love PET Bottles", where they installed dedicated collection bins for transparent PET bottles in large apartment complexes in the Seoul metropolitan area. After collecting and recycling the PET bottles, they produced collaborative products. Collecting 1.2 tons of PET bottles from eight complexes, we recycled them to create Shoulder Bags and Mini Shoulder Bags. By using PET bottles directly collected from Seoul to create the yarn and manufacturing the products locally, we minimized the carbon footprint, contributing to mitigating global warming. This collaboration was even more meaningful as it aimed to minimize the carbon footprint generated during the production process while recycling PET bottles collected directly from Seoul.

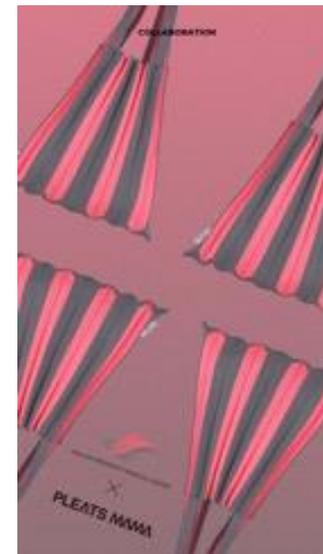

Collaboration Products

- Shoulder Bag / Mini Shoulder Bag
- Material: Recycled Polyester 93% / Recycled Spandex 7%

ECO-ALLIANCE

We are actively engaging in collaborations with various brands that share the values for the environment and sustainability.
