About us

We are *Actifs Précieux* and we are on a *mission*.

At Actifs Précieux, we are driven by a deep commitment to providing effective, natural, and eco-designed botanical extracts.

We believe that by harnessing the power of nature, we can create products that are both beneficial to people and the planet.

Our core commitments include:

#1. Developing innovative & eco-friendly extraction processes.

#2. Leading the way into a sustainable & circular economy.

#3. Building respectful & long-term partnerships.

#4. Setting new standards in botanical extract quality.

By upholding these commitments, we aim to shape the future of the botanical extract industry, from our Head Office in Lyon, France.

We are proud to be a leader in sustainable and ethical practices, and we are committed to making a positive impact on the world.

Developing innovative and *eco-friendly extraction processes*

We use Supercritical Fluid extraction, a clean and efficient method that utilizes food-grade solvent.

This process allows us to extract a wide range of active compounds from botanicals without the use of harmful chemicals or solvents.

We also focus on minimizing waste and maximizing resource efficiency throughout our extraction process.

Leading the way into a more *sustainable & circular economy*

We source our botanicals from sustainable and ethical growers who share our commitment to environmental stewardship.

We also upcycle plant materials that would otherwise go to waste, such as byproducts from the food and beverage industry.

By working with our suppliers and customers, we are creating a closed-loop system that reduces waste and environmental impact.

Building respectful and *long-term partnerships*

We believe that strong relationships are essential for sustainable business practices.

We work closely with our suppliers to ensure that they are fairly compensated and that their workers are treated ethically.

We ensure that their rights are respected, that their needs are being met, while also guaranteeing them maximum transparency.

Setting new standards in *botanical extract quality*

Our proprietary DeepCapt® technology, coupled with our extensive know-how, allows us to achieve superior results compared to traditional extraction methods.

These extracts boast higher potency, consistency, and unmatched results.

We are further committed to excellence through our cosmetic safety certification (ISO 22716).

This certification ensures the highest quality standards throughout our entire process.

What we do

We provide *holistic resonance* through our cutting-edge green tech : *DeepCapt®*.

Actifs Précieux goes beyond traditional SFE with DeepCapt®.

This innovative technology leverages 15+ years of expertise to unlock the full potential of botanical extracts.

DeepCapt® harnesses the power of Supercritical Fluid Extraction (SFE), a solvent-free process utilizing carbon dioxide above its critical point.

This creates a highly effective yet gentle extraction medium, preserving the delicate balance of active compounds and ensuring unparalleled purity and potency.

DeepCapt® redefines green extraction, offering unparalleled control and precision for a truly unique sensory experience.

Unveil Nature's potential, naturally, with Actifs Précieux's green & sustainable DeepCapt® technology.

How the process works

Unveil Nature's potential, naturally

DeepCapt®: the alchemy *beyond our green technology*

Inert atmosphere

Our supercritical extraction process is performed in an inert atmosphere, meaning the extracted compounds are free from oxidation and degradation.

Cleanliness & Purity

The process behind DeepCapt® does not require harmful solvents and preserve extracts from oxidation. Our finished products are free from any residue, ensuring the highest purity and quality levels.

Creativity & innovation

With an extended range of adjustable parameters, such as temperature, filtration & separation, pressure (up to 600 bar) our process widens the scope of creativity and innovation.

Moderate temperatures

Our technology suits for the extraction of bioactive compounds at moderate temperatures, preserving their integrity and potency.

Upcycling & low carbon footprint

DeepCapt® upcycles botanicals with precision, creating valuable, pure extracts and a low carbon footprint—sustainable, eco-friendly, and innovative.

Effective & selective extractions

The supercritical extraction process allows us to selectively extract specific compounds, providing a high yield of bioactive compounds.

FULLCAPT™ BAOBAB SEED OIL • AP-116
INCI : ADANSONIA DIGITATA SEED EXTRACT
CAS : 91745-12-9 • EINECS : 294-680-8

FullCapt™

Baobab *seed*

FullCapt™ Baobab seed oil, extracted from *Adansonia digitata* seeds, is a nutrient-rich oil offering a range of benefits for healthy skin.

Its antioxidant properties help protect the skin from environmental damage, while its high content of essential fatty acids promotes a hydrated and supple complexion.

Additionally, baobab seed oil may help reduce the appearance of fine lines and wrinkles by improving skin elasticity.

Consider incorporating it into serums, moisturizers, and body lotions to experience its nourishing and revitalizing effects.

FULLCAPT™ BLACK CUMIN SEED OIL • AP-207
INCI : NIGELLA SATIVA SEED OIL
CAS : 90064-32-7 • EINECS : 290-094-1

FullCapt™

Black cumin *seed*

Black cumin seed oil, a natural extract with a rich history in traditional medicine, is becoming a star ingredient in the cosmetic industry.

This oil boasts a unique blend of fatty acids and antioxidants, making it a powerful ally for healthy skin.

Its anti-inflammatory properties soothe irritation and redness, calming conditions like eczema and acne.

Black cumin seed oil's antimicrobial benefits further contribute to a clearer complexion by fighting bacteria that can lead to blemishes.

Its nourishing properties help maintain skin's elasticity and radiance, promoting a youthful appearance.

OLEOCAPT™ CARROT SEED • AP-110
INCI : DAUCUS CAROTA SATIVA SEED OIL
CAS : 8015-88-1 / 84929-61-3 • EINECS : 284-545-1

FullCapt™

Carrot seed

Carrot seed oil, extracted from wild carrot seeds, is rich in antioxidants and pro-vitamin A, offering a multitude of benefits for healthy, radiant skin.

Its anti-inflammatory properties soothe irritation and redness, promoting a calm and even complexion. Carrot seed oil can also help reduce the appearance of fine lines and wrinkles, thanks to its ability to improve skin elasticity and firmness.

For those seeking a natural solution to balance uneven skin tone, carrot seed oil can be a valuable addition to their skincare routine.

Consider incorporating this versatile oil into serums, moisturizers, and body lotions to experience its revitalizing effects.

Age defies, with a radiant glow,
Hair reborn, where strength can flow.
Supercritical secret, finally told,
Carrot seed oil, liquid gold.

Embrace the poetry of Nature  Actifs précieux

OLEOCAPT™ CURCUMA OIL • AP-216
INCI : CURCUMA LONGA ROOT EXTRACT
CAS : 84775-52-0 • EINECS : 283-882-1

FullCapt™

Curcuma

Derived from curcuma longa root using our innovative green tech DeepCapt®.

FullCapt™ Curcuma is a promising ingredient in the cosmetic industry.

Renowned for its antioxidant properties, it may help combat the signs of aging by neutralizing harmful free radicals.

Additionally, curcumin, the bioactive compound in turmeric, has demonstrated anti-inflammatory benefits, soothing irritated skin and reducing redness.

Curcuma can be effectively incorporated into acne treatments due to its antimicrobial nature.

FULLCAPT™ DATE SEED OIL • AP-101
INCI : PHOENIX DACTYLIFERA SEED OIL
CAS : 90027-90-0 • EINECS : 289-776-1

FullCapt™

Date seed

Date seed oil is a natural beauty ingredient extracted from the seeds of dates. It is rich in antioxidants, fatty acids, and vitamins, making it beneficial for both skin and hair.

For the skin, date seed oil's antioxidants protect against free radical damage, while its fatty acids keep skin hydrated and moisturized. Vitamins A and E promote cell turnover and protect the skin from damage.

For hair, date seed oil moisturizes hair strands, making them soft, shiny, and manageable. It also promotes hair growth by nourishing hair follicles and preventing hair loss.

Date seed oil can be applied directly to the skin or hair or added to other beauty products. It is a natural and effective way to improve skin and hair health.

FULLCAPT™ GRAPE SEED OIL • AP-115
INCI : VITIS VINIFERA SEED OIL
CAS : 85594-37-2 • EINECS : 287-896-9

FullCapt™

Grape seed

FullCapt™ Grape Seed Oil, extracted from *Vitis vinifera* seeds, is a nutrient-rich oil offering a range of benefits for healthy skin.

Its high concentration of antioxidants, including proanthocyanidins (PCOs), helps protect the skin from environmental stressors and premature aging.

Grape seed oil's essential fatty acids provide deep hydration, leaving the skin feeling soft and supple.

Additionally, its anti-inflammatory properties can help soothe irritated skin and reduce redness.

FULLCAPT™ PINK PEPPER OIL • AP-507
INCI : SCHINUS TEREBINTHIFOLIUS FRUIT OIL
CAS : 949495-68-5 •

FullCapt™

Pink Pepper

Extracted from the vibrant berries of the pink peppercorn tree, this oil boasts a unique composition rich in beneficial properties.

Fortified with antioxidants, pink peppercorn oil helps combat free radicals, protecting the skin from environmental damage and promoting a youthful radiance.

Its anti-inflammatory properties may soothe irritation and calm the skin.

Pink peppercorn oil's astringent qualities can contribute to a refined complexion by minimizing the appearance of pores.

Additionally, it's believed to enhance the penetration of other active ingredients, potentially boosting the overall efficacy of your cosmetic formulas.

Pores minimized, a complexion reborn,
Pink Pepper oil, a beauty's new morn.
Hair nourished and healthy, a vibrant display,
Nature's own wonder, in every single spray.

Embrace the poetry of Nature  Actifs précieux

FULLCAPT™ POMEGRANATE SEED OIL • AP-106
INCI : PUNICA GRANATUM SEED OIL
CAS : 84961-57-9 • EINECS : 284-646-0

FullCapt™

Pomegranate *seed*

Pomegranate seed oil is a natural beauty ingredient extracted from the seeds of pomegranates using Supercritical Fluid Extraction.

This process preserves the oil's beneficial compounds, making it a potent and effective skincare and haircare product.

For the skin, it's a potent antioxidant that fights free radicals, reducing wrinkles and fine lines.

Fatty acids hydrate and moisturize, leaving skin soft and supple. Punicic acid, unique to pomegranate, soothes irritation.

For hair, pomegranate seed oil nourishes and moisturizes strands, promoting softness, shine, and manageability.

Lines and wrinkles, a fading plight,
Hydration deepens, bathed in sunlight.
Hair like silk, with a healthy sheen,
Pomegranate oil, a beauty routine.

Embrace the poetry of Nature  Actifs précieux

FULLCAPT™ PRICKLY PEAR SEED OIL • AP-103
INCI : OPUNTIA FICUS-INDICA SEED OIL
CAS : 90082-21-6 • EINECS : 284-646-0

FullCapt™

Prickly *pear* seed

Prickly pear seed oil, extracted from the seeds of the prickly pear cactus, is gaining recognition within the cosmetic industry for its potential benefits.

Rich in essential fatty acids and vitamin E, the oil offers deep hydration and a protective barrier against environmental stressors.

This lightweight oil absorbs quickly, making it suitable for various skin types.

Its anti-inflammatory properties may soothe irritation and redness, while its antioxidant content combats free radical damage.

FULLCAPT™ WHEAT GERM OIL • AP-527
INCI : TRITICUM VULGARE GERM OIL
CAS : 68917-73-7 • EINECS : 281-689-7

FullCapt™

Wheat *germ*

FullCapt™ Wheat germ oil, extracted from *Triticum vulgare* germ, is a nutrient-rich oil that offers a range of benefits for healthy skin.

It is packed with antioxidants, including vitamin E, which helps protect the skin from environmental damage and premature aging.

Wheat germ oil is also rich in essential fatty acids, particularly linoleic acid, which helps to hydrate and nourish the skin.

This can help improve skin elasticity and reduce the appearance of fine lines and wrinkles.

Wheat germ oil has anti-inflammatory properties that can help soothe irritated skin and reduce redness.

FULLCAPT™ XIMENIA AMERICANA SEED • AP-114
INCI : XIMENIA AMERICANA SEED OIL
CAS : 95193-67-2 •

FullCapt™

Ximenia

Ximenia seed oil boasts a unique composition rich in vitamin C and fatty acids. This composition offers potential benefits for various skincare concerns.

Early research suggests Ximenia seed oil's moisturizing properties may help improve skin elasticity and suppleness.

Additionally, its anti-inflammatory properties may be useful in soothing irritated skin.

Due to its lightweight texture and ease of absorption, Ximenia seed oil may be a suitable ingredient for a variety of cosmetic formulations.

Vitamin C, a gift from the seed,
Fatty acids nourish, a powerful deed.
Inflammation soothed, elasticity grows,
Ximenia's touch, beauty that flows.

OLEOCAPT™ GRAPSEED ARNICA MONTANA • APF-419
INCI : VITIS VINIFERA SEED OIL,
ARNICA MONTANA FLOWER OIL •
CAS : 85594-37-2, 68990-11-4 •
EINECS : 273-579-2, 284-511-6

OleoCapt™

Grapeseed *Arnica Montana*

OleoCapt™ Grapeseed Arnica Montana is a unique co-extraction of grapeseed oil and arnica montana flower oil, extracted using our proprietary DeepCapt® technology.

This innovative extraction method ensures the preservation of the natural compounds and their synergistic benefits.

Grapeseed oil, rich in antioxidants and essential fatty acids, helps nourish and protect the skin.

Arnica montana, known for its soothing and anti-inflammatory properties, can help reduce redness and irritation.

OLEOCAPT™ GRAPESEED CALENDULA • APF-420
INCI : VITIS VINIFERA SEED OIL,
CALENDULA OFFICINALIS FLOWER EXTRACT •
CAS : 85594-37-2, 84776-23-8 •
EINECS : 283-949-5, 284-511-6

OleoCapt™

Grapeseed *Calendula*

OleoCapt™ Grapeseed Calendula is a unique co-extraction of grapeseed oil and calendula flower extract, extracted using our proprietary DeepCapt® technology.

Grapeseed oil, rich in antioxidants and essential fatty acids, helps nourish and protect the skin.

Calendula flower extract, known for its soothing and anti-inflammatory properties, can help calm irritated skin and reduce redness.

OleoCapt™ Grapeseed Calendula can be incorporated into a wide range of skincare products, to provide a boost to skin health and appearance.

From lotions to serums, a versatile choice,
Enhancing beauty, a conscious voice.
A natural treasure, a precious art,
With Grapeseed and Calendula, impart.

A central image featuring a dark glass dropper bottle of OleoCapt Grapeseed Calendula. The bottle is surrounded by a cluster of green grapes on the left and several bright yellow calendula flowers on the right. The background is a light gray with a subtle, wavy pattern.
