Our triple bottom line equals our three strategic focus areas

People

At the heart of our culture is our people. For our people area, we have two strategic focus areas - diversity and development.

Planet

We aim to be climate neutral in our own operations in 2030. To do that, we have two strategic focus areas - buildings and F&B.

Profit

We believe that every penny earned in an ethical and responsible way is worth more. That is the core of our triple bottom line philosophy.

We want to be assessed on all three. Fully transparent.

⁴ The sum of what we do creates a more sustainable company and enables us to continue to grow. In the end, it results in a more sustainable society.

A screenshot of the Clarion Hotel Sign website. The page features a navigation bar at the top with links for 'Hotels & Destinations', 'Conferences & Meetings', 'Selected offers', and 'More to Explore'. A search bar is present with the location 'Stockholm', dates 'Mon, 26 Jun' and 'Tue, 27 Jun', and '1 room, 1 adult'. The main content area displays the hotel's name, location, and a large image of the hotel building. A pink arrow points to the 'Sustainability Rating' section, which shows a score of 7.9 out of 10. Below this, there are buttons for 'Book rooms from SEK 2061' and 'Show on map'. The page also includes sections for 'About the hotel', 'Rooms', 'Services', 'Facilities', 'Conferences', and 'Special offers'. A 'Contact' section at the bottom provides phone, fax, and email information, along with the hotel's address and social media links for Facebook and Twitter.

ENVIRONMENTAL IMPACT REPORT

Understanding your environmental footprint after your conference with us is crucial, as you contribute to creating a more sustainable world. So for the record, this is full transparency into how your event impacts the environment in terms of CO2, energy and water, in whole and per delegate*.

THE GOAL

We have committed to become climate-neutral in our own operations by 2030. All Clarion Hotel® are on a journey to make this happen, and have several action plans to reach that goal. You can contribute by making some choices to your conference and reduce your impact. Consider this your invitation to play a crucial role in shaping a sustainable future, starting with this meeting or conference. If you want to make some sustainable choices for your next conference, talk to your meeting coordinator!

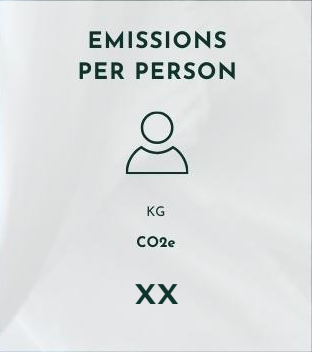

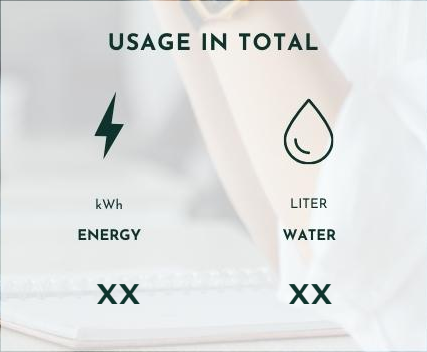

FOOD AND BEVERAGE

Our passion is to provide you with delicious and sustainable food during your visit. We always offer seasonal quality products primarily from the Nordics, as the Nordic countries have the best of products. By focusing on sustainable and local food we already help lower the footprint. However, the choice of protein is the biggest contributor in this context. Let us inspire you with our delicious low-climate food options.

TRAVEL

Although not included here, transportation is typically the largest contributor to emissions associated with an event. Our meeting coordinators always have knowledge about sustainable travel options to and from our hotels.

**The impact is based on average emissions and consumption in 2023. The emissions are presented in CO2-equivalents and are calculated based on The Greenhouse Gas Protocol. The conference emissions include Scope 1 & 2 as well as emissions from food and beverage being served.*
