

# SCANDIC HOLMENKOLLEN PARK

The Scandic Holmenkollen Park is a destination in itself, being an impressive 350 metres above sea level, with fantastic views of Oslo and the Nordmarka wilderness area right on your doorstep. The hotel has a total of 376 guest rooms, including 27 exclusive rooms and suites that retain historic Dragestil design details. The hotel boasts an enticing spa with a pool, and a large 1,100 m<sup>2</sup> gym. The in-house food and drink offering is wholly unique and perfect for all types of meetings and events, while there are exciting outdoor activities for everyone locally, in the form of the Holmenkollen National Ski Arena, the Ski Museum and the area's spectacular natural landscapes. There are miles of hiking trails to choose from, and in winter you can explore World Cup ski trails stretching through Nordmarka. The hotel is just a metro (T-bane) ride from the centre of Oslo, and it takes 30 minutes from Oslo S (the city's central station) up to Holmenkollen station.
