

WELCOME TO THE **GREENTECH** WORLD

SOURCE TO RESOURCE

WWW.GREENTECH.FR

WHO **WE** ARE?

We are biotech pioneers, scientists and explorers. Working across all continents, in all climates and in all of the world's oceans. We source the best that nature has to offer, to the benefit of everyone: in cosmetics, pharmaceuticals, nutraceuticals, feed & food, agronomy and environment

We create high-tech active ingredients from natural sources from plant, marine and microbial worlds. Our innovations represent proven and sustainable alternatives, based on balanced relationships with local producers around the world, in the service of future generations.

We source nature to resource the future.

OUR STRATEGY

Innovation &
Cross-fertilization

OUR LIFESTYLE

SCIENCE & BIOTECHNOLOGIES

Sourcing nature
for health, for inspiration,
in a sustainable and fair way

Flexibility, reactivity, quality

OUR MOTO

We source nature
To resource the future

40 countries, **30** distributors,
8 subsidiaries and **6** production sites

OUR **PLAYING FIELD**

OUR MARKETS

6. ENVIRONMENT

Products based on microorganisms suitable for multiple actions

5. HEALTH

Production of active ingredients, API's & natural extracts

4. COSMETICS

Production of active ingredients & natural extracts

1. AGRONOMY

Biofertilizers & biocontrol

2. FOOD & FEED

Flora production for Human & Animal Nutrition. Production of natural active ingredients

3. NUTRACEUTICAL

OUR PRODUCTION

A STATE OF THE ART TECHNOLOGY

- > 31 000 m² for the Group
- > Liquid (hydro/liposolubles)
+ soft + dry ingredients
- > Extraction capacity
= 30 tons/day

OUR CERTIFICATIONS

OUR **RESEARCH**

CUTTING EDGE TECHNOLOGY RESEARCH

- > 18 PhDs, **44 multidisciplinary researchers** (20% of collaborators)
- > More than **40 patents**
- > International presence in conferences via **scientific international communications and publications** in peer-reviewed journals
- > **SPIM** organisation (Skin Physiology International Meeting) every two years (next: 2022)
- > International public and private **collaborations**
- > **New Laboratory** including Actives, Extracts and Ethnopharmacology : 300 m²
- > National and International **thesis supervision and financing**
