

# Joom - Mobile eCommerce Marketplace with Millions of Customers

Joom is a beautiful and simple shopping app for cross-border and domestic commerce. Social and personalized. It will help you rapidly grow your sales on mobile and increase your brand's connection with new audiences. Innovative technologies and game mechanics will deliver more relevant and positive experiences to your customers. Impressive brand's storytelling with new real-time digital technologies to make a killing.

## 6 GOOD REASONS TO JOIN JOOM RIGHT NOW

### 1 Huge audience of potential customers

Joom is one of the most downloaded shopping apps with more than 400 million app installations all over the world. This number is constantly growing exponentially. So, choosing Joom will get you access to a huge audience of potential customers.

### 2 Constant support and help

We have a very reliable and attentive Merchant Support Team that is always ready to help you and advise on any issue. We speak several languages here that will certainly facilitate your communication with us.

### 3 Easy navigation and tools that are simple to use

Joom's platform is very convenient to use that makes a selling process much more clear and easier. You can tell your audience about new products, increase the brand loyalty and give special offers to your customers.

### 4 Lots of promotional activities

We are constantly creating new attractive promotional activities for our merchants. You can participate in Joom promotions, set your own discounts and personalised offers. We will always keep you informed about special features and novelties brought to the platform. And will help you to test them and set up.

### 5 Great force of community

Joom is a social ecommerce pioneer. We've integrated advanced social tools to our platform that will help you to rapidly increase the connection with your brand. Every day hundreds of influencers write detailed reviews on your products telling your audience about all its advantages. Your clients can buy their favorite products directly from the review in a couple of clicks.

### 6 Free subscription

You got it right. There is no paid subscription and you will not have to pay any additional fee to join the platform.

Join our platform and keep developing with Joom!
