ABOUT

Founded in **2012**, **496 Fabric Lab** is Taiwan's leading jacquard denim mill and the **only denim fabric manufacturer currently operating in Taiwan**. In **2024**, we established our own AI-driven production center, enhancing efficiency and flexibility. Committed to sustainability, we specialize in high-quality, custom jacquard denim fabrics made from regenerative cotton, offering innovative and fully traceable denim solutions proudly **100% Made in Taiwan**.

CORE ADVANTAGES

1. Exclusive “Made in Taiwan” Denim Supplier

- The only active denim weaving mill in Taiwan
- 100% Taiwan-made fabrics, effectively avoiding China-related tariff risks

2. High-End Jacquard Denim Expertise

- Specialized in intricate, high-density jacquard weaving
- Strong capabilities in customized designs and creative fabric innovations

3. Regenerative Cotton Sustainability

- Utilizes Indian regenerative cotton, aligning with global ESG standards
- Actively pursuing OEKO-TEX STeP certification for enhanced sustainability credibility

4. Rapid Response and Flexible Production

- AI-driven production center integrated with digital twin technology
- Shorter lead times, rapid sample-to-market capability, and agile order management

MOQ

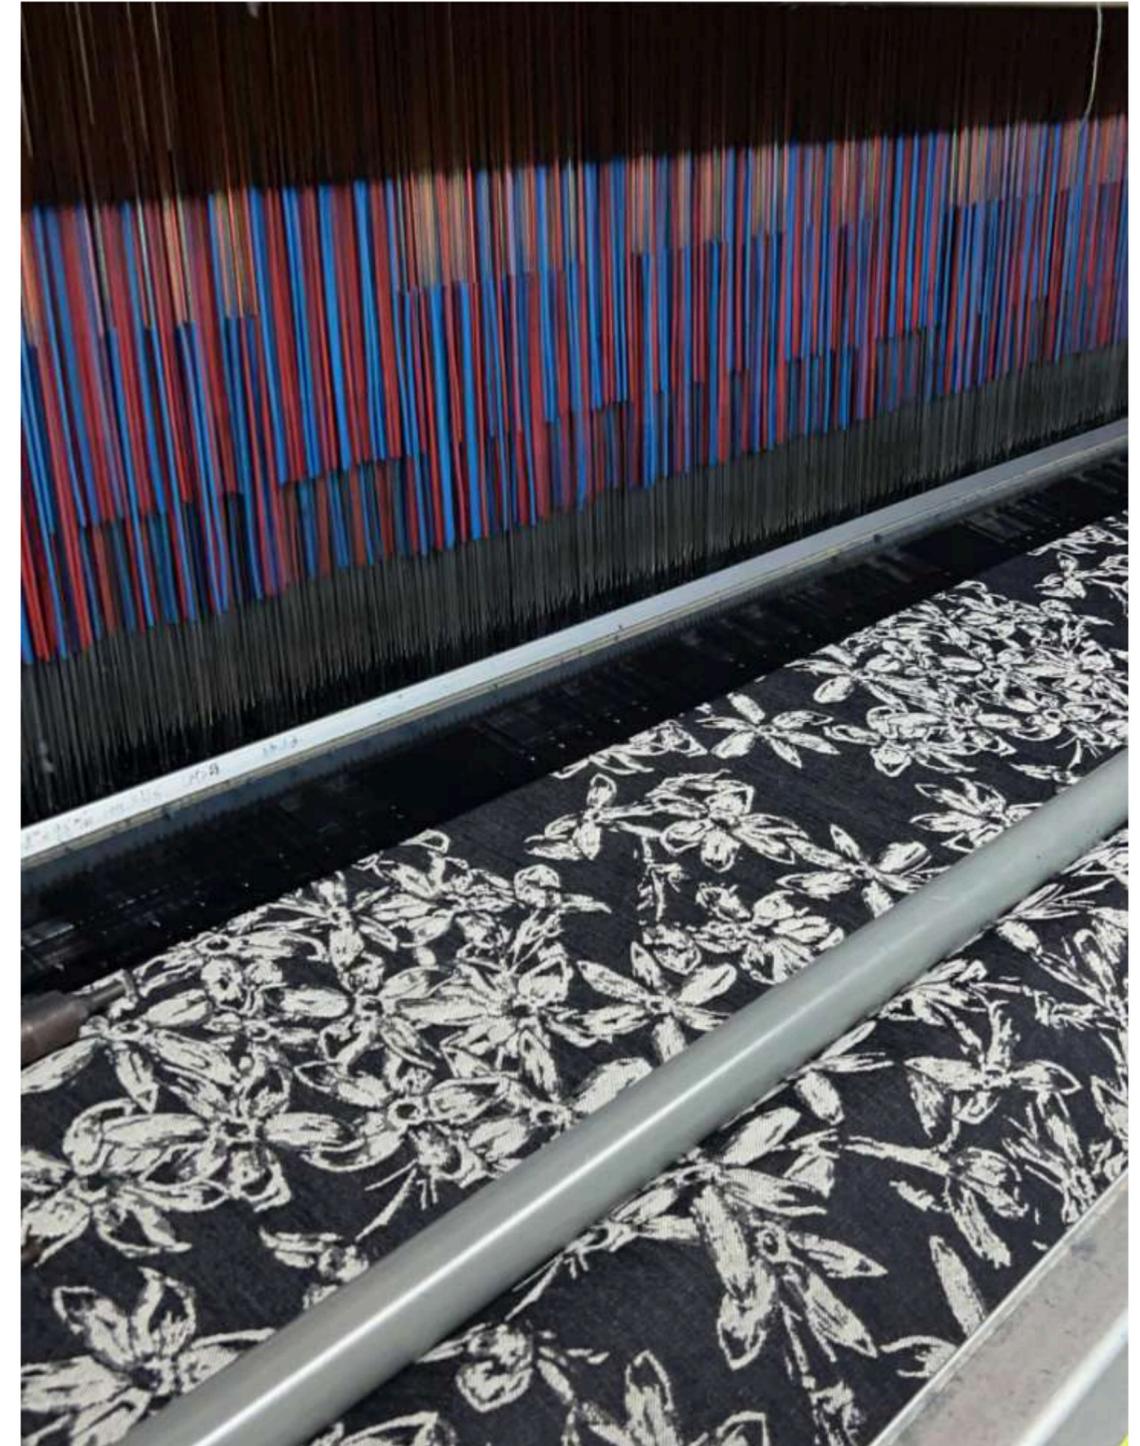

Flexible orders with no MOQ
