

CCME

## Your CCME journey

Configure a cluster matching your workloads

Customize web portal / integrate pre-post processing applications

Deploy in minutes a ready-to-use Cloud cluster

## HPC made easy on AWS

Easily deploy customizable elastic HPC clusters that look like yours, in minutes

### Elastic

Reproducible and rapid deployment of auto-scaling resources

### In control

Customizable with scripts/Ansible playbooks and observable with OKA Cloud

### User-friendly

Deploy a familiar environment supporting Linux/Windows workstation fleets
