MENTORING PROGRAM FOR YOUTH

Pho3nix Future for Pho3nix Foundation and Mana Group is the world's first **international mentoring program** designed to raise the awareness of young champions. A series of **business workshops** shows them how many factors are involved in professional sport. Contact with the stars of world sport allows them to understand how important it is to take care of each of these elements. The main goal of our program is to **show young athletes the right way to achieve a balance** between professionalism in sports and personal development.

„I would just like to say a huge thank you to all of the team for an unforgettable experience. My expectations for the week were surpassed and I still can't believe how lucky I am to have had the opportunity! There were so many highlights to the camp but if I had to pick one favourite it would be having the chance to ask Usain Bolt a question.”

Archie Yeo, triple jump, UK
