Carbon Removal

The Trust Layer for all your Eco-Contributions

- From ~~Mistrust~~ to Proven Data and Action
- Provider agnostic: cover the entire value chain
- Time stamp for Transparency & Traceability
- Auditable for incoming regulations (CSRD)

Trusted by **Industry Leaders.** Our Greatest **Advocates.**

"Carbonable emerged as an ideal partner thanks to its agility in aligning international projects with our eco-social goals, its transparent pricing for quality projects, its state-of-the-art monitoring and reporting tools, as well as its all-in-one contribution management platform."

Alexandre Panel - Green Mission Manager

Pierre Fabre

Hanabi Consulting

"Carbonable is the game-changer in carbon contribution management. As a Beta user of their platform, we've experienced how it streamlines the execution of our contribution goals. With all critical features integrated, the management process is effortless. Further, by ensuring every carbon credit's origin, journey, and impact are visible and verifiable, Carbonable guarantees accountability and compliance - both indispensable in our sustainability journey."

Fabien Donadey
Co-CEO, Hanabi Consulting

argent

"At Argent, we see transparency and traceability as the foundations that solidify the integrity of carbon removal. Carbonable's application of Digital Ledger Technology, coupled with Satellite Imagery and Artificial Intelligence, is instrumental in achieving this. They provide an essential audit trail, confirming that carbon sequestration activities genuinely contribute to atmospheric carbon reduction, thus fostering stakeholder trust."

Itamar Lesuisse
Chief Executive Officer - Argent

klub

"Carbonable's reports provide a consolidated view of inputs from all stakeholders in our carbon removal initiatives. The use of both quantitative and qualitative data offers a level of trustworthiness and tangibility that was previously missing. It enables us to confidently exhibit the environmental, biodiversity, and livelihood impacts of our investments, while reinforcing accountability and trust to our internal and external audiences."

Martin Rosenbaum
Co-Founder and Chief Investment Officer, Klub
