

MONACO PRIVATE LABEL YOUNG LEADERS

FROM THE PRINCIPALITY OF MONACO TO YOUNG LEADERS WORLDWIDE

MONACO PRIVATE LABEL YOUNG LEADERS

HISTORY

For over a decade, by the directive and initiative of the Government of the Principality, Monaco Private Label – by invitation only - has brought together over 1900 families hailing 60 different countries. It has become one of the Monegasque tools for attracting the global super elite. Highly respected entrepreneurs, family business owners and achievers as well as passionate philanthropists are carefully selected every year with the support of the country's Diplomatic and Consular Corps around the world.

As MPL continues to grow, welcoming a greater diversity of members than ever before, the potential for a generational driven focus steadily took form, giving way to the creation of MPL Young Leaders. Bringing together young people under the age of 35, mainly from the families of MPL members who stand to inherit their parents' businesses and wealth, MPL Young Leaders is a new tailor made concept meeting their demands and expectations.
