

DAY 1 | 26 JUNE

Hosted by **Lisa Louis**, freelance journalist specialized in renewable energies

09:30 Opening session

| **Sabrina Pedrosa Peseux**, President
BLUESIGN

| **Christelle Morangais**, President
PAYS DE LA LOIRE REGION

| **Fabrice Roussel**, Vice-President
NANTES METROPOLE

| **David Samzun**, President
SAINT-NAZAIRE AGGLO

09:50 Keynote: Is offshore wind flawed?

The hurdles on the way to more offshore wind and how to overcome them.

| **Lars Holm**, Partner & Director
BOSTON CONSULTING GROUP, CENTER FOR ENERGY IMPACT

10:10 Ocean energy – Where the tide is headed

Waves and tides could make a huge contribution to satisfy our energy needs. So where are we at when it comes to harvesting that potential?

| **Rémi Gruet**, CEO
OCEAN ENERGY EUROPE (OEE)

10:20 The French piece of the offshore puzzle?

| **Jules Nyssen**, President
SYNDICAT DES ENERGIES RENOUVELABLES (FRENCH RENEWABLE ENERGY TRADE ASSOCIATION)

10:30 Floating ahead: How Pennavel aims to conquer the seas

| **Aldrik De Fombelle**, Director
PENNAVEL PROJECT

10:40 Floating offshore wind – Taking the financial wave

Floating is still hot – but it's also feeling the squeeze.

| **Felipe Cornago Diufáin**, Offshore Wind Commercial Director
BAYWA R.E.

| **Kimon Argyriadis**, Director Floating Wind Energy
DNV

| **Christine de Jouët**, Provence Grand Large Director
EDF RENEWABLES

| **Thomas Marty**, Business Development Manager Southern Europe
PRINCIPLE POWER

| **David Carrascosa**, Chief Operating Officer
SAITEC OFFSHORE

11:10 Interlude – Wires to the sun and back

How many cables our offshore renewables will need.

| **Antoine Rabain**, CEO
GECKOSPHERE

11:15 Grid stories – Networking, networking, networking...

Connecting the offshore dots will become more and more crucial.

| **Jeppe Johansen**, Chief Advisor in Center for Global Cooperation
DANISH ENERGY AGENCY

| **Maxime Toulotte**, Markets & New Solutions Director
NEXANS

11:30 The supply chain in the time of raw material scarcity and cost pressure – Part 1

Ways to guarantee minimum prices and give investors security.

| **François Lambert**, Managing Director
ECOLE NATIONALE SUPERIEURE MARITIME (ENSM)

| **Nicolas Bourgeois**, Offshore Wind Initiatives Coordinator
ENI PLENITUDE

| **Erik Bertholet**, Business Manager Offshore Wind
GRONINGEN SEAPORTS / EEMSHAVEN

| **Adriano Tutello**, Technical Director
MIROVA

| **Dominika Taranko**, Managing Director & Vice President
WIND INDUSTRY HUB

12:05 Asia: A breath of fresh air

How Asia is expected to gain momentum, and soon.

| **Richard Parkinson**, CEO
INYANGA MARINE ENERGY GROUP

| **Agni Argyri**, Offshore Wind Analyst
WORLD FORUM OFFSHORE WIND (WFO)

12:20 LUNCH BREAK

14:00 The sky is the limit – How Europe is planning on scaling up

Europe is aiming for 111GW of commissioned offshore wind capacity by 2030. Here's the plan.

| **Christophe Grudler**, Member of the European Parliament, Committee on Industry, Research and Energy
EUROPEAN PARLIAMENT

14:10 How France could pick up wind speed?

How France is aiming for exponential offshore wind growth.

| **Aurélie Picart**, General Delegate
INDUSTRY COUNCIL FOR THE NEW ENERGY SYSTEMS

14:20 France 2050: Ways to spread the offshore love

French industry players have not one, but four plans.

| **Matthieu Monnier**, Deputy CEO
FRANCE RENOUVELABLES

| **Maëlie Benistand-Hector**, Head of Offshore Wind, Hydropower and MRE
SYNDICAT DES ENERGIES RENOUVELABLES (FRENCH RENEWABLE ENERGY TRADE ASSOCIATION)

14:35 The supply chain in the time of raw material scarcity and cost pressure – Part 2

Ways to guarantee minimum prices and give investors security.

| **Walid Oulman**, Head of Ports and Global Industrialisation
BLUEFLOAT ENERGY

| **Stéphane-Alain Riou**, Offshore Director
IBERDROLA

| **Florent Violain**, Team Lead Stakeholder Management
RWE

15:10 Newcomers eager to conquer the Baltic Sea

How adjacent countries plan to enter the offshore race.

| **Magnus Brogaard Larsen**, Associate Partner
COPENHAGEN INFRASTRUCTURE PARTNERS

| **Anu Eslas**, Head of International Business Development
IGNITIS RENEWABLES

15:35 Taking stock of tidal projects – The latest

Around the tidal world and what arguments different countries can put on the table.

| **Alejandro Marques de Magallanes Crespo**, CEO
MAGALLANES RENOVABLES

| **Fabienne Joly**, Director of Development for Canada
OCEAN RENEWABLE POWER COMPANY (ORPC)

| **Drew Blaxland**, CEO
PROTEUS MARINE RENEWABLES

| **Richard Arnold**, Policy Director
UK MARINE ENERGY COUNCIL

| **Maarten Berkhout**, Director Projects & Co-founder
SEAQURRENT

16:10 Harbours in high demand

As offshore wind farms keep springing up, harbour capacity has become scarcity.

| **David Filio**, Head of Market Research and Governance
EUROPORTS

| **Kaspars Liepiņš**, Green Energy Cluster Developer
FREEPORT OF VENTSPILS AUTHORITY

| **Björn Wittek**, General Manager
RHENUS OFFSHORE LOGISTICS

| **Jerry Hallissey**, Head of Business Development
SHANNON FOYNES PORT AUTHORITY

16:45 Side event – Les Journées de l'Innovation Maritime

Under the patronage of Mr Hervé Berville, Minister of State for Marine Affairs and Biodiversity (France), in partnership with the West Atlantic Marine Energy Community

DAY 2 | 27 JUNE

Hosted by **Lisa Louis**, freelance journalist specialized in renewable energies

10:00 Fossil fuel giants in the offshore wind energy market – are they doing enough?

Making sure the knowledge of the harvesting energy at sea – albeit in a different way – doesn't get lost.

| **Jean-Gabriel Robert**, Senior Manager Climate Change & Sustainability Services
EY

10:10 Interlude – Bright days ahead for floating solar?

Even sceptical analysts start seeing the potential.

| **Antoine Rabain**, CEO
GECKOSPHERE

10:15 Floating solar – The race for a place in the sun

How companies are rising to the technical challenge.

| **Aurélien Croq**, CEO
SOLARINBLUE

| **Brigitte Vlaswinkel**, Head of Environment & Sustainability
OCEANS OF ENERGY

10:30 Green hydrogen – The missing link for the renewables breakthrough

The EU has set a target of 200 millions tons of hydrogen produced from renewable energy by 2030. Here's how it's going.

| **Stefan Kaufmann**, Hydrogen Commissioner
FEDERAL GOVERNMENT OF GERMANY

| **Elin Steinsland**, CEO
HYDEPOINT

| **Baptiste Merlet**, Offshore Project Manager
LHYFE

10:50 Offshore wind à la française – A 360 degree view

Only one French offshore wind farm is so far completely commissioned. But that's set to change.

| **Elsa Merckel**, Head of Renewable Energies Department
COMMISSION DE RÉGULATION DE L'ÉNERGIE (CRE)

| **Aymeric Ducrocq**, Director of Marine Renewable Energies
EDF RENEWABLES

| **Pierre Peysson**, Head of Offshore Wind France
RWE

| **Guillaume Chapelon**, Managing Director
SKYBORN RENEWABLES FRANCE

| **Aurélien Klein**, MRE & Offshore Wind Project Manager
VALEMO

11:30 Solving the offshore wind puzzle – Germany's and Portugal's way

Germany has gone for a bidding round with negative prices whereas Portugal is in the process of launching a single-stage auction.

| **Cláudia Lucas**, Offshore Wind Consultant
PORTUGUESE RENEWABLE ENERGY ASSOCIATION (APREN)

| **Hans Sohn**, Senior Manager Politik und Regulatorik
FEDERAL ASSOCIATION OF WIND FARM OPERATORS OFFSHORE EV (BWO)

11:45 Interlude – What trace maritime transport leaves

Maritime transport in the marine renewables sector needs to go green – for the sake of consistency.

| **Antoine Rabain**, CEO
GECKOSPHERE

11:55 Riding the blue wave in a green way – Clean maritime transport

Here's how.

| **Rob Boer**, Managing Director
ACTA MARINE

| **Sylvain Faguet**, Chief Sales Officer & Vice President
D-ICE ENGINEERING

| **Philippe Davignon**, Commercial Director
GENEVOS

| **Timothée Moulinier**, Research and Development, Innovation and Digital Delegate
GICAN

12:15 Offshore renewables at risk?

How to protect the offshore gold.

| **Olivier Jacq**, Technical and Scientific director
FRANCE CYBER MARITIME

| **Mike Liddell**, Program Director
FUGRO

| **Baptiste Lafèche**, Corporate Security Representative for Europe & Central Asia
TOTALENERGIES

12:35 LUNCH BREAK

14:00 Award ceremony / Best research poster

14:30 Surfing the current wave

Countries and developers making waves.

| **Kevin Rebenius**, Commercial Director
CORPOWER

| **Quentin Henry**, Director
DIKWEE

| **Jean-François Simon**, Managing Director
SEABASED

14:50 Biodiversity: Mind your step... In the water

And the technologies that'll help us do that.

| **Damien Demoor**, CEO
GREENOV

| **Nicole Yeomans**, European Offshore Wind Lead
NATUREMETRICS

| **Marie Thabard**, Offshore Development Director
IBERDROLA

15:15 AI: Making offshore renewables smarter

How AI can save lives and make projects more sustainable.

| **Karine Heerah**, Scientific Researcher
FRANCE ENERGIES MARINES

| **Olivier Burger**, General Manager
MAKILA AI

| **Bruno Guerin**, Sales Manager
SEA AI

15:35 Taking floating offshore wind to the next level?

Under the water, above the water and from afar.

| **Patrick Belenfant**, Director
BOURBON WIND

| **Tanguy Cariou**, Country Manager
NAVANTIA

| **Jonathan Hodges**, Innovation and Strategy Manager
WAVE ENERGY SCOTLAND

15:55 How to wiggle through as a challenger?

Size is crucial in the offshore wind market. Unless it's not?

| **Thibaut Labonde**, Offshore Development Manager
QAIR GROUP

16:15 Closing
