

DOMINIQUE MAZELLA

Operations Director, Louis Moulin - Gardening Equipment
50 employees,

We were able to optimize our production organization from having no vision over our capacities to the point of selling machine hours to one of our partner ! Moreover, it is so intuitive that I could almost have done without the training !

CHARLES MARI-DRUX

Procurement and supply chain Director, Alstom - 2 railways production sites of 1,000 employees each

Alstom has mandated Komugi team to implement the solution in Villeneuve site in Switzerland. We are dealing with a serious team with a real business expertise. The tool is functional, and the time saving is significant for our teams.
