## WORLD WHERE PEOPLE ENJOY

led by CEO, Manan Issar, we are incubated at Atal Incubation Center - Manipal University Jaipur (AIC-MUJ) Incubator as well as ArtiLab Foundation and are backed by thinQbate, Hatcher & Anirudh Kishen to build for the masses. We begin where capitalism ends.

represented  
india in  
israel.

Our work has been recognized at:  
IIM C NDTV Smart Fifty Contest  
Winners at Startup Oasis/ IIM A  
Winners of TIE Delhi-Jerusalem '18  
Kerala Startup Mission Idea Day Winners  
Accessible India Competition, IIT Kanpur  
Manmohan Gill Bio Competition, IIT Kanpur  
Social Track Competition, IIT Kanpur  
Eureka (Social Track), IIT Bombay

## BUILDING INCLUSIVE SOCIETIES

we are developing hi-tech solutions in the assisted technology market, starting with a feature-rich yet affordable mechanical prosthetic hand. Portfolio includes other limbs, electronic and bionic, being developed at extremely low-costs flipping frugal innovation on its head.

## EQUAL OPPORTUNITY TO TECHNOLOGY.

world's most  
functional mechanical  
prosthetic hand.

of  
**OUR  
FUTURE.**

# IDA

**We built IDA, a hand that can  
do 25% of what a \$30,000  
bionic hand can do at \$200.**

A FEATURE-RICH YET AFFORDABLE  
MECHANICAL PROSTHETIC HAND.

#### FEATURES:

- Knob-based Self-locking Mechanism
- Adaptive Grip
- 180 Degree Movable Wrist
- 80 Degree Movable Thumb
- Rubber Tips for Enhanced Grip
- Aesthetic Design
- Accessories to help with daily tasks
- Premium Packaging (The Box Theory)
- Manuals in vernacular languages
