TRANSFORMATION
AND INNOVATION

CAMPUS RÉGION
DU NUMÉRIQUE

The Campus Smart Factory: at the very heart of innovation!

A **life-size factory for discovering**, testing and integrating ultra-innovative technologies in your business.

- Operational excellence
- Industrial 5G
- Robotics / Cobotics
- Digital twin
- Artificial intelligence
- Additive manufacturing
- IIOT
- Big data
- Virtual and augmented reality

Find out more : campusnumerique.auvergnhonealpes.fr

A VIVA TECHNOLOGY EXCLUSIVE!

Crystalman Experience

Here, every hour, **experience a unique holographic** duplex with the Campus Smart Factory! Communicate directly with industry 4.0 experts at Charbonnières-les Bains.

AT VIVA TECHNOLOGY,
learn more about these technologies
by talking to the experts at
the Campus Smart Factory!

10 startups that are transforming industry !

Amiral Technologies - Isère

Blind Failure Prediction Software for IIoT-enabled equipment.

Maximize your industrial equipment uptime.

- ✉ justine.gazikian@amiraltechnologies.com
- 🌐 amiraltechnologies.com
- in [amiraltechnologies](https://www.linkedin.com/company/amiraltechnologies)

Caeli Energie - Isère

Low-carbon air conditioning systems:

high energy efficiency, no pollutant refrigerant, no outdoor unit.

- ✉ remi.perony@caeli-energie.com
- 🌐 caeli-energie.com
- in [caeli-energie](https://www.linkedin.com/company/caeli-energie)

Hawai.Tech - Isère

Hardware for probabilistic AI.

Hardware accelerators increasing the capabilities of probabilistic AI to enable frugality and explainability.

- ✉ rf@hawai.tech
- 🌐 hawai.tech
- in [hawai-tech](https://www.linkedin.com/company/hawai-tech)

ITinSell - Rhône

Simplifying the delivery experience for the consumer and the e-merchant.

Cutting-edge AI solutions to pioneer sustainable transformation of global logistics.

- ✉ julien.fiette@itinsell.com
- 🌐 itinsell.com
- in [itinsell](https://www.linkedin.com/company/itinsell)

Komugi - Haute-Savoie

Deliver on time, Increase efficiency,

Reduce wastes! The only multi-constraints scheduling and managing software leading you to industry 4.0.

- ✉ xavier.feltin@komugi.io
- 🌐 komugi.io
- in [komugi](https://www.linkedin.com/company/komugi)

Matvisio - Rhône

Innovation serving health at the workplace!

Preventing musculoskeletal disorders and warning about physical activity in the workplace using a 3D camera which analyses postures and makes recommendations.

- ✉ w.houxplantier@dem-soft.com
- 🌐 matvisio.com
- in [matvisio](https://www.linkedin.com/company/matvisio)

Meropy - Isère

Agricultural robotics: keeping an eye on your crops!

A modular and lightweight robot, fitted with sensors, which moves autonomously within a plot, scanning the vegetation.

- ✉ g.raymond@meropy.com
- 🌐 meropy.com
- in [meropy](https://www.linkedin.com/company/meropy)

Safehear - Rhône

Smart, simple, elegant: Louis, the future of hearing protection!

A hearing protection unit for employees in industry, allowing its users to communicate with ease in noisy environments yet protects them against hearing damage.

- ✉ antoine@safehear.fr / nicolas@safehear.fr
