

We are the **leading no-code 3D creation tool powered by Artificial Intelligence**. We allow everyone to create animations for avatars to open the era of **User Generated Content in Virtual Worlds**.

We make 3D easy for everyone

Create

Import a video from your device or socials

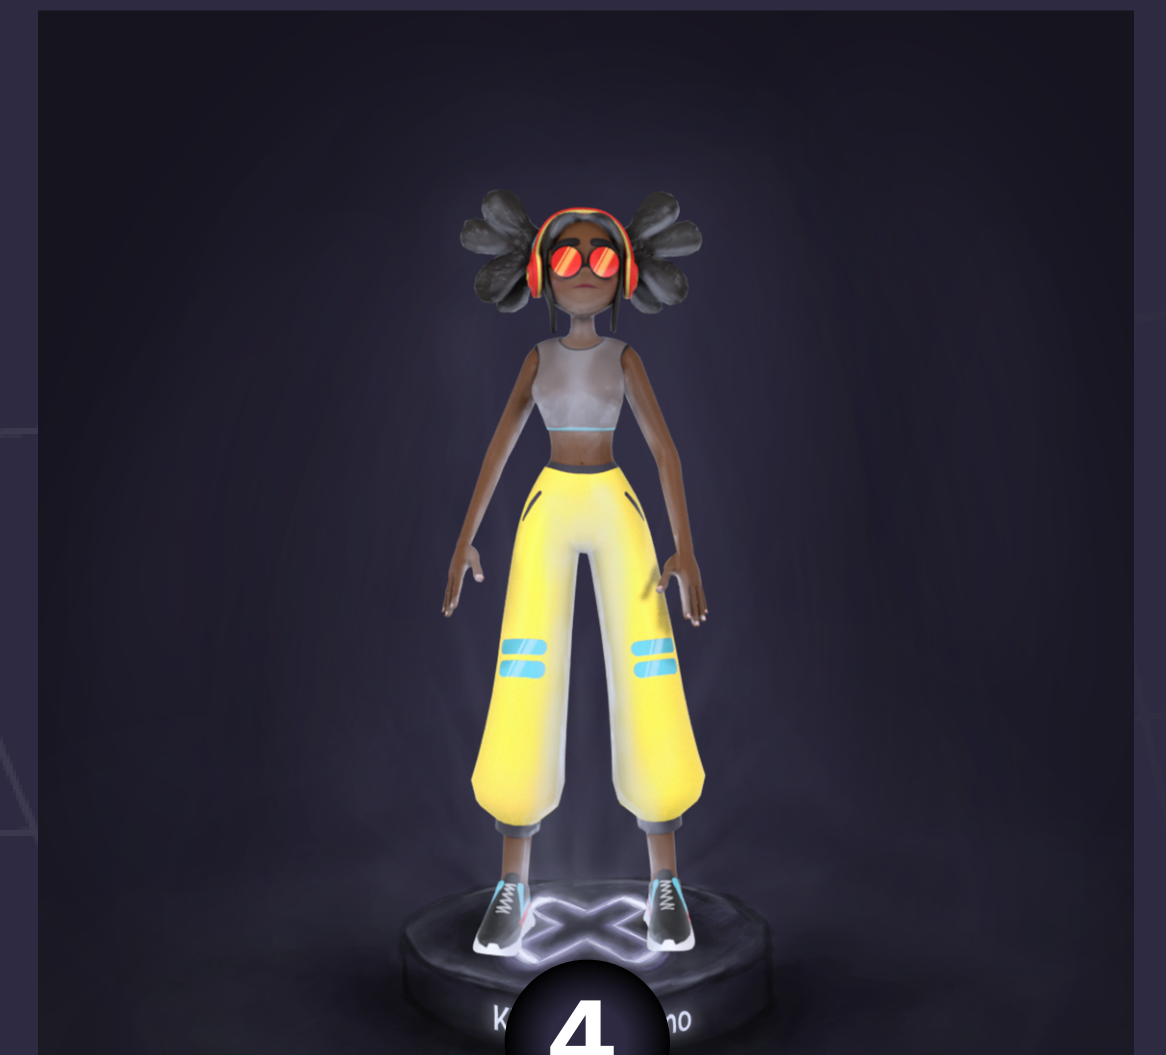

Animate

Our AI turns it into a 3D animation

Mint

Make the creation yours with the blockchain

Use

Play it on any avatar in any Virtual World

We help Virtual Worlds grow!

Expand

UGC enables ever-expanding virtual worlds where users contribute to the content available

Engage

Accessible 3D animation enables endless new experiences and gameplays like never before

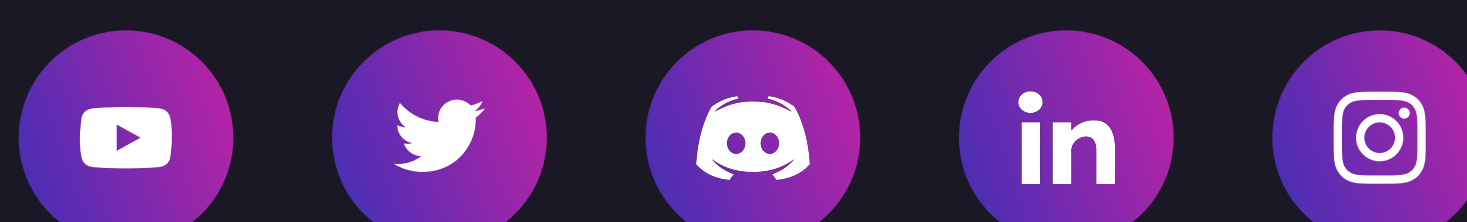

Monetize

User-generated NFTs unlock additional and perpetual revenues for virtual worlds and their users

We partner with leaders
