

mosqitter

Smart protection from mosquitoes

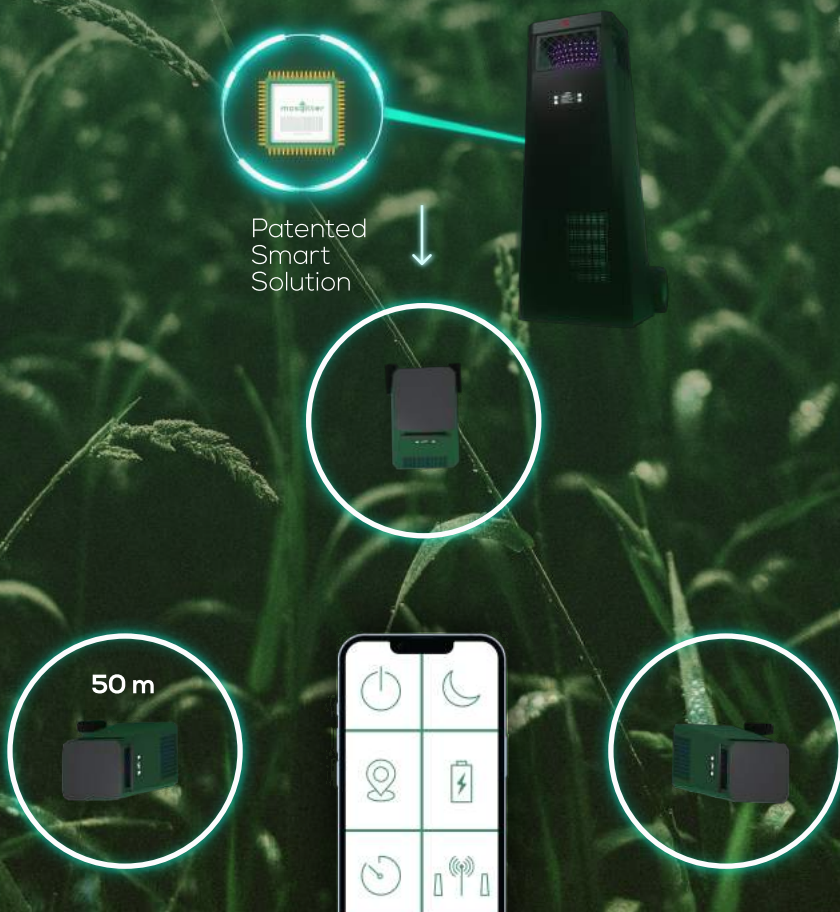

pending

What is **Mosqitter**?

- eco-friendly solution
- attracts mosquitoes without chemicals
- safe for children and pets
- designed to withstand severe weather conditions
- one device can protect territory of up to 1 acre
- APP for remote control and settings
- three different models for B2C, B2B and B2G (Smart City integration)

How does it **work**?

Mosquito-related harm to human health

Fogging is highly injurious to health and environment

700 000 deaths each year

More than **3.9 billion** people in over 129 countries are at risk

Become Mosqitter distribution or manufacturing partner

We are looking for strong and driven partners around the world interested in delivering a new eco-friendly product that introduces a new approach to the mosquito control problem.

All of the opportunities are within your reach.

Feel free to contact us on office@mosqitter.com

Smart. Innovative. Eco-Friendly.

What's **next?**

The mini-Mosqitter is now in the works to make any space around you safe and comfortable. The concept of the device will remain innovative, smart and eco-friendly. More to follow on our website.
