

INTERNATIONAL INCUBATOR & ACCELERATOR FOR INNOVATIVE STARTUPS

Bridging the gap between startups and large companies
for supporting them to co-innovate together.

SECTORS

ZEBOX focuses on two sectoral areas:

- **Transport, logistics and mobilities**, applied to several segments including energy which is a strategic development axis.
- **Industry 4.0**.

SELECTED PROJECTS

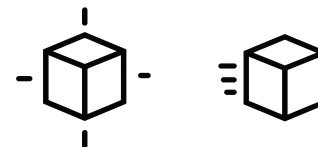

Tech innovation providers: artificial intelligence, blockchain, virtual or augmented reality, IoT and robotics. The majority of ZEBOX selected projects have a Green Tech approach, a major issue where innovation has its role to play.

PARTNERS

Founding partner: CMA CGM, a world leader in shipping and logistics.

Corporate partners: Master in their fields and global scale such GTT, INFOSYS, INGRAM, BNP Paribas, EDF, Centrimex, CEVA Logistics already support the structure.

2 SUPPORT PROGRAMS
