What is LEROMA?

LEROMA is a B2B online platform for food raw materials that builds a bridge between raw material suppliers and food producers.

1 Search Commodity

- Search engine for food raw materials
- Find professional manufacturers and suppliers with a few clicks for the raw materials you need
- More than 8,000 raw materials in the database
- Saving time, money and nerves

Unique selling proposition:

- Product-specific filters
- Immediately visible certificates and product information

2 Surplus Exchange

- Marketplace for surpluses & residue stocks
- Reducing food waste
- Savings in procurement through occasional deals
- Low minimum purchase quantities
- Immediate availability due to elimination of production time
- Mediation of residual flows by using a circular economy

LEROMA GmbH

Foundation: December 2019

Founder: Marina Billinger

Location: Düsseldorf

Vision: global, sustainable B2B platform for food commodities

Milestones

Horizon 2020
European Union funding
for Research & Innovation

LEROMA is participating in a European Horizon project "Lowinfood" and is focusing on the problem of food waste.

LEROMA supports the Sustainable Development Goals (SDGs). Together we have been able to save over 400 tonnes of wasted food raw materials since the beginning of 2021.
