

# You're using ivalua ? You need Fluxym!

## FLUXYM IS ONE OF THE THE TOP 3 IVALUA PARTNERS ACCORDING TO GARTNER

Through **20 years of S2P experience** and more than **500 successful projects**, Fluxym is a world leader in procurement digital transformation. Based in Paris, Montreal, Toronto, New York, and Singapore, we provide global support for our clients.

Our **50+ certified Consultants** have successfully deployed Ivalua in more than 35 companies including **Ariane Group, Axa Assistance, Crédit Agricole, Hermès, LVMH, Orpéa, L'Oréal, Mantu, MBDA, Rolls Royce, Groupe Rocher, Ineos...**

Here are examples of topics where we can help:

**Adoption:** audit of the current usage of modules and users' adoption rates, and definition of an action plan (training update, configuration optimization, ...)

**Configuration audit:** deep analysis of your existing configuration and interfaces + Retro-documentation.

**Solution Upgrade:** support your Ivalua upgrade to latest version, including technical upgrade coordination with Ivalua, upgrade strategy definition, impact analysis, non-regression testing, training on new features and documentation update.

**Rollout:** supervise and execute the solution's rollout to new business units, including gap analysis and configuration adjustment.

**New Module Deployment:** from the design sessions and build phase, up to go live.

**Configuration Maintenance Services (CMS):** a bank of hours with access to our certified senior consultants' team for any request (enhancements, analysis...).

**Training:** additional training sessions for Admins, Key and End users, and Suppliers, including materials (custom deck, webinars, user guides...) in French, English or Spanish.

Schedule a meeting with our Operations team to learn more about how Fluxym can help!
