Transport options

Public transport

Public transport in Luxembourg is free of charge and quite reliable. For you to navigate in the country we suggest downloading [Mobiliteit App](#). Google Maps also works quite well.

The train / bus stop of the venue is **Belval Université**.

Taxi

Taxi in Luxembourg can be quite expensive. A ride between the city and the venue can range from 100€ to 150€.

Apps such as Uber or Lift are not available in the country. The closest option we have is [WebTaxi](#).
