Woodtech is a Company founded by two affirmed Italian entities as ALBRICCI and RM. This join venture brings decades of experience in the woodworking machinery field, solid commercial and technical knowhow and reliability in the Italian market and all over the world.

LOCATION

Northern Italy - Lonate Pozzolo (close to Milan Airport)

SPACES

5.000 MQ (with showroom, European material Hub and stock)

SALES AND GROWTH: STRATEGIC POINTS

Showroom e demos
area

Dedicated Hub

Stock and ready
delivery

Market area: Italy, France,
Switzerland, Greece, Serbia,
Croatia, Baltic Countries (to
improve)

Experienced internal
Service team

Products reliability and
quality

WHY CHOOSING WOODTECH

- ✓ Reference point for the covered markets
- ✓ Back office management settled in Italy
- ✓ Detailed analysis of Customers' technical and commercial requirements
 - ✓ Customized products
- ✓ Trained and experienced Italian technical resources
 - ✓ After sales support
- ✓ Commercial competitiveness

WOODWORKING MACHINERY: NANXING

Nanxing is specialized in providing equipment and total solution for panel furniture production, including CNC Nesting machine, Panel Saw, Edge Bander , CNC Drilling machines , CNC through feed Drilling Machines ...etc. which can form production lines and 4.0 Industry lines according to the various requirements.

28 years' experience since 1996, strong and professional production with prompt reaction of the company assure you of great experience of Nanxing professional support.

NANXING – WOODTECH PARTNERSHIP:

Since

1996

Capacity

234000m²+

- ✓ **Quality – strict qc system**
- ✓ **Swiss laser cutting machines**
- ✓ **Welding robots' line**
- ✓ **Rigidus technical process**
- ✓ **100% internal parts processing**

Patents

400+

Service points

200+

PANEL DIVIDING SAW

| Front Feed | |
|---------------|--------------------------------|
| Touch screen | NPT280、 NPT330 |
| IPC | NPC280、 NPC330、 NPC380、 NPC440 |
| Heavy duty | NP330HG、 |
| Servo presser | NPC330S、 NPC380S |
| Twin pusher | NP638DR |
| Narrow Parts | NPC150, NPL150HG |

| Reer Feed | |
|-----------------|--|
| Entry level | NPC330LE (4/9ft,7/9ft) NPC380LE 3660*2250mm 120mm |
| Heavy duty | NPL330HG、 NPL380HG、 NPL440HG |
| Twin pusher | NPL380D、 NPL440D、 |
| New twin pusher | NPL738DR |

Others

Angular Saw NZH3825D, Sliding Table Saw MJ1132/8F; MJK1132/38F1

HIGH RUNNER:

- NPC330
- NPC380
- NPC440

DRILLING

CNC Drilling

ND510/ ND510S/ ND512TS (entry level)

ND6xx (Industry Level)

ND612D (2 drilling blocks on top)

ND612DT (2 drilling blocks on top+ATC 6)

ND612CT/DCT (with C axis + Aggregate + ATC 8)

ND7xx (double working table)

ND----L (through feed)

ND712DL/ ND712DTL (2 workstation 8+8 slot ATC)

ND512TS

ND612DT

CNC 6-Sided drilling machine

HIGH RUNNER:

- **ND512TS**
- **ND612CT**
- **ND612DT**

EDGE BANDING

Edge Banding

Intelligent Edge Bander with Servo

Edge Bander with v-belt

Edge Bander for Narrow Parts

Auto Edge Bander with rollers

Inclined/Softforming Edge Banding Machine

Double Side Edge Bander

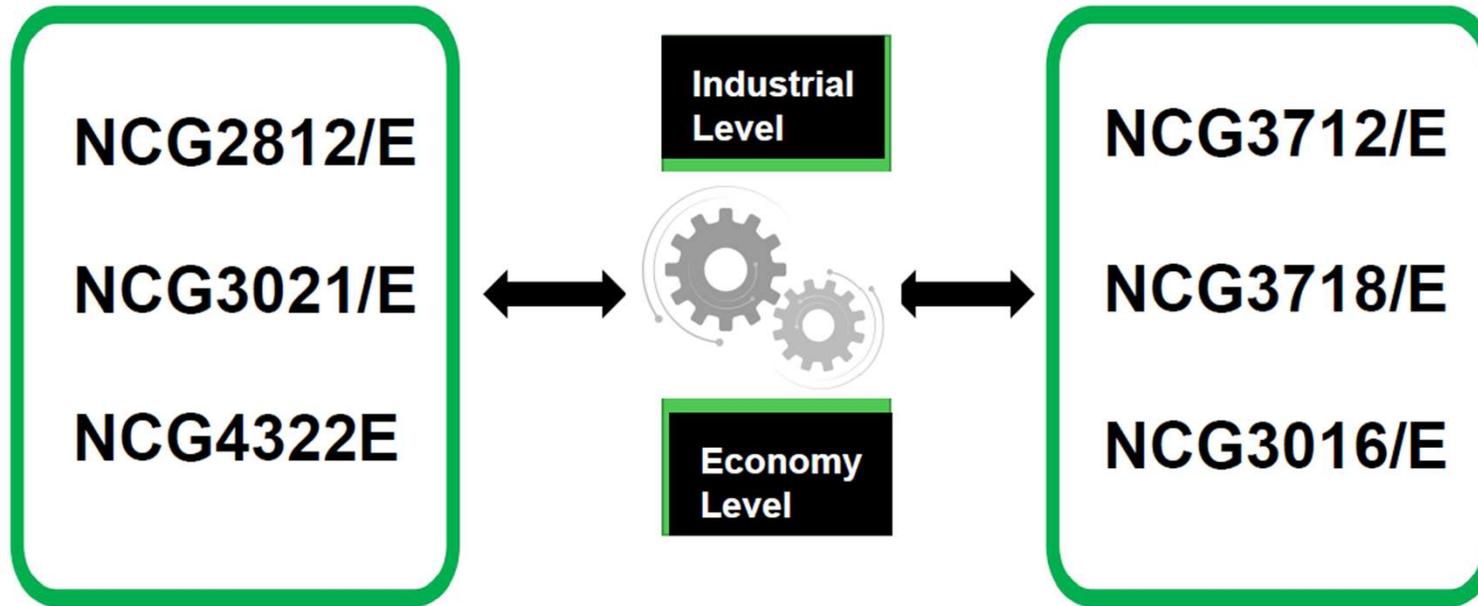

Others: Laser/PUR

HIGH RUNNER:

- NB360/NB361
- NB370/NB371
- NB380EC

NESTING

HIGH RUNNER:

- NCG3021LE
- NCG4322

QUALITY AND R&D

Reliability and quality

Make – 100% internal production of components (permanent quality control)

Strategical and Customer oriented R&D

Nanxing produces also robotic machines e industrial automation (es: cardboard working machines, smart factory...)

Widely open to innovation

Deep analysis of Customers' needs

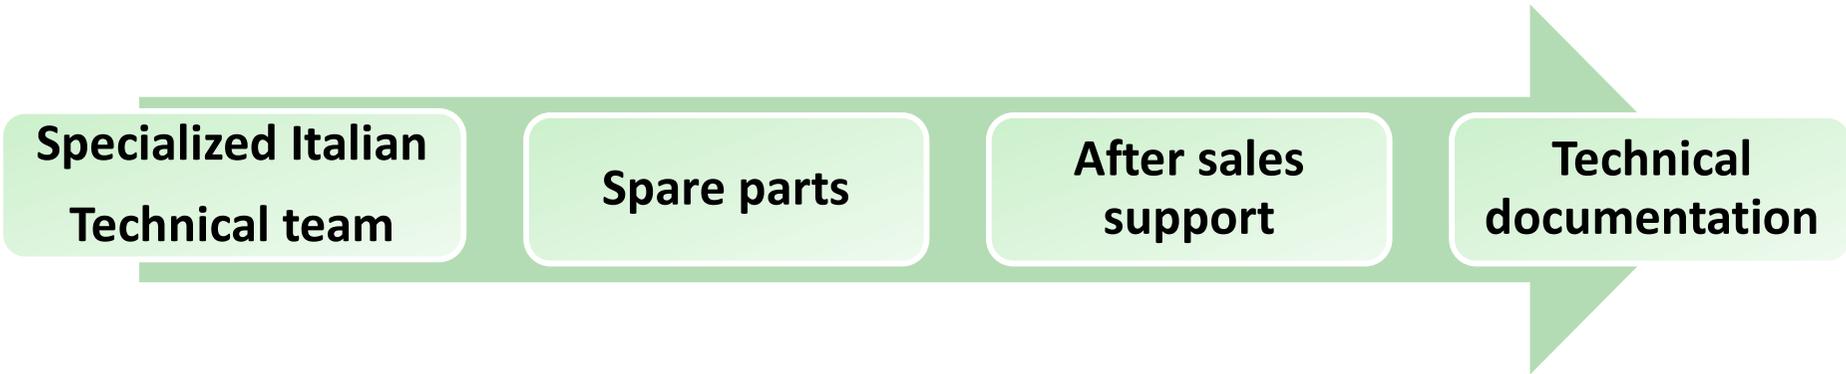

Technical documentation

CE regulation and directives compliance

AFTER SALES

NEXT EXHIBITIONS

Lyon
3rd – 6th February 2026
84m² stand

Milan
9rd – 12th June 2026
Arrangement ongoing
