OUR EXPERTISE FOR WORKING CAREGIVERS

**COLLECTIVE
APPROACH**
for CEO, HR
and all employees

Raising awareness

for your employees about caregiving,
as a social and demographic issue
*(autonomy loss due to ageing,
illness or disability)*

Support HR teams

in order to assist employees
facing difficulties as caregivers
it's generally a huge « plus » for
the quality of work life, CSR actions,
diversity and disabled employees policies

**INDIVIDUAL
APPROACH**
for all employees

Support practically your employees with a 360° solution mixing human and digital features

thanks to social advisors *(social diagnostic
and action plan)*, to our personal assistants
*(practical assistance to implement the action plan
and book appointments)* and to our mobile app

**DATA
APPROACH**
for HR teams

Better understand your employee needs

thanks to our analysis based on data collected
(GDPR compliant!) in order to bring HR teams a realistic
vision of employee main concerns
