

DOG'S LOVE

FINE FOOD FOR FINE DOGS

www.DogsLove.com

OUR PROMISE TO THE ENVIRONMENT:

- ✓ LOCALLY PRODUCED IN AUSTRIA
- ✓ REGIONALLY SOURCED INGREDIENTS ARE IMPORTANT TO US
- ✓ SUSTAINABLE: OUR CANS ARE 100% RECYCLABLE, OUR PACKAGING IS MADE FROM RECYCLED CARDBOARD
- ✓ LOW FOOD MILEAGE & EMISSIONS
- ✓ CO₂ NEUTRAL DELIVERY
- ✓ ALL PRODUCTS ARE 100% GM-FREE

DOG'S LOVE compensates CO₂ emissions caused by production & transport - because we love our environment.

BECAUSE YOUR DOG DESERVES THE BEST

Dear dog lover,

dogs enrich our lives enormously. That's why it's all the more important to treat our four-legged friends with all the care and attention they deserve - and a **healthy, balanced diet** is a major part of that. And that's why I founded DOG'S LOVE for my dogs Nala and Pluto. As a committed dog-lover, my aim is to ensure that all dogs live a happy life with all their needs taken care of. In my quest to come up with the **perfect nutritional balance**, I have developed a range of complete dog food products, high-quality supplementary products and healthy organic snacks that are inspired by nature and endorsed by veterinarians - your dog will taste the difference.

My promise to you - from dog-lover to dog-lover:
100% nature & 100% tasty.

Choose a healthy diet that has been specially formulated with your dog's needs in mind. After all, the best way to a dog's heart is through its stomach!

Warmest regards to you and your four-legged friend,

A handwritten signature in black ink that reads "Katharina Miklauz".

Katharina Miklauz
& the DOG'S LOVE team

@katharina.dogslove

JUNIOR

Specially adapted to meet the nutritional requirements of puppies and growing dogs, for a healthy start to a long and healthy dog's life. Contains a high proportion of muscle meat and an extra portion of powdered eggshell as a natural source of calcium.

Energy: 468kJ
(112kcal)/100g

ADULT

Grain-free range of complete feed products for any breed of adult dog: all raw ingredients are 100% food-grade, 100% made in Austria. The single protein varieties are packed with vitamins and minerals to cover all your dog's nutritional requirements.

SENIOR

A high protein content (60%) to combat muscle loss in old age, natural vegetable fiber, and specially adapted ingredients for seniors make the Senior menus the optimal choice for dogs of 10 years and older. The Light version contains just 4% fat to support weight control for seniors who tend towards excess weight.

VENISON
200g, 400g, 800g

WITH SPINACH
& PEAR

INGREDIENTS:

venison 60% (roe deer, red deer), sweet potatoes 10%, carrots 8%, spinach 8%, potato starch, pears 2%, sunflower oil, minerals, linseed oil, seaweed 0.5%, eggshell powder 0.2%, devil's claw 0.2%, chondroitin sulphate 0.2%, glucosamine 0.2%.

Energy: 390kJ (92kcal)/100g

Light

TURKEY
200g, 400g, 800g

WITH COURGETTE
& ST. JOHN'S WORT

INGREDIENTS:

turkey 60% (meat 35%, heart 20%, liver 5%), courgette 12%, carrot 8%, pears 5%, apple 5%, potato starch, minerals, St. John's wort 0.4%, seaweed, walnut oil 0.2%, silica, elm bark 0.2%, eggshell powder, FOS 0.1%, dandelion leaves, nettle leaves.

Energy: 340kJ (81kcal)/100g

HYPOALLERGENIC

For dogs suffering from allergies and food sensitivities or those on an exclusion diet, the Hypoallergenic line comprises a rare source of protein and contains fewer ingredients. A special blend of minerals ensures a balanced supply of all essential nutrients.

HORSE
400g

WITH PARSNIP
& TOMATOES

INGREDIENTS:

horse meat 60%, parsnip 25%, tomato 6%, linseed oil, minerals, seaweed.

Energy: 414kJ (99kcal)/100g

DUCK
400g

WITH JERUSALEM ARTICHOKE
& CARROT

INGREDIENTS:

duck meat 60%, Jerusalem artichokes 19%, carrots 15%, minerals, linseed oil, seaweed.

Energy: 440kJ (105kcal)/100g

DRY FOOD

Natural, wholesome dry food of super premium quality, with a meat content of up to 65%. Carefully formulated in Austria, made with no grains and prioritizing regionally sourced ingredients. Junior, Adult and Senior ranges are suitable for dogs of all breeds and sizes.

The DOG'S LOVE fresh promise:

A high proportion of fresh meat and high-quality ingredients ensure a higher nutrient uptake, so your dog will require less food than in comparison to run-of-the-mill dry foods.

A **state-of-the-art manufacturing** process and **gently cooked** ingredients ensure that valuable vitamins and nutrients are retained in DOG'S LOVE dry food. The croquettes do not swell in your dog's stomach, thus putting less pressure on the digestive system, reducing the amount of time your dog needs to rest after eating, and significantly cutting the risk of bloating and a twisted stomach.

JUNIOR CHICKEN

2kg, 12kg

WITH SWEET POTATO & CARROT

INGREDIENTS:

chicken & salmon 65% (from fresh chicken 38%, from dried chicken 23%, from dried salmon 4%), sweet potato 12%, potatoes, poultry fat, beet pulp (desugared), salmon oil 1%, linseed, carrots 0.1%, apple, FOS 0.1%, MOS 0.1%, parsley 0.1%.

INSECT DOGS FOR FUTURE

In its quest to help save the environment and its resources, the DOGS FOR FUTURE line from DOG'S LOVE uses high-quality protein from the black soldier fly, which is a natural source of Omega-3 and Omega-6 fatty acids.

For a healthy life, dogs need high-quality protein – the DOGS FOR FUTURE line provides this in insect form. The hypoallergenic protein supplied by the black soldier fly has particularly good bioavailability, so your dog can digest it easily and absorb its goodness. For the DOG'S LOVE line, protein from the black soldier fly has been combined with other tasty ingredients to form a complete feed, which is characterized by its high acceptance and tolerance.

INSECT PURE
400g

HIGH QUALITY INSECT PROTEIN FROM THE BLACK SOLDIER FLY

INGREDIENTS:
insects 65% (black soldier fly), sweet potatoes 9%, zucchini 6%, apricots 3%, hydrolyzed chicken liver, hydrolyzed vegetable proteins, minerals, linseed oil, rosemary, oregano.

Energy: 360kJ (85kcal)/100g

INSECT & RABBIT
400g

HIGH QUALITY INSECT PROTEIN FROM THE BLACK SOLDIER FLY

INGREDIENTS:
animal ingredients 65% (rabbit meat 36%, insects 29% (black soldier fly)), pumpkin 10%, potatoes, plums 5%, hydrolyzed chicken liver, hydrolyzed vegetable proteins, minerals, linseed oil, rosemary, oregano.

Energy: 360kJ (85kcal)/100g

Why is insect protein good for the environment?

The black soldier fly is 100% edible, meaning that it can be fully processed into animal food – with absolutely no waste! What's more, farmed insects need only a fraction of resources such as water or food, and the CO₂ emissions are significantly lower too.

DOG'S LOVE promise to the environment:

- ✓ 100% made in Austria
- ✓ 0% plastic: our DOGS FOR FUTURE line is completely plastic-free
- ✓ The tinplate can is 100% recyclable, while our packaging material is made from recycled paper
- ✓ Climate neutral: DOG'S LOVE offsets CO₂ emissions and supports regional projects in the Austrian Alpine region

NATURAL CARE

The finest care for your dog, carefully developed and ideal for meeting the needs of our faithful companions. Sustainable and not tested on animals.

Natural dog shampoo for any type of coat, with pure essential oils and a mild fragrance. The gentle shampoo with mild replenishing jojoba oil ensures healthy skin and a glossy coat, meeting high natural cosmetic standards.

NATURAL SHAMPOO
300ml

INGREDIENTS:

Aqua, Decyl Glucoside, Sodium Coco Sulfate, Cocamidopropyl Betaine, Glycol Distearate, Coco-Glucoside, Glyceryl Oleate, Sodium Cocoyl Hydrolyzed Wheat Protein, Citric Acid, Simmondsia Chinensis Seed Oil (Jojobaöl), Potassium Sorbate, Sodium Chloride, Panthenol, Lavandula Angustifolia Oil* (*organically cultivated).

Intensively conditioning balm that helps to protect paws in a natural way. Carefully selected, natural and organically grown ingredients such as lavender oil and shea butter are moisturizing, water-repellent & replenish oils.

NATURAL BALM
50ml

INGREDIENTS:

Butyrospermum Parkii Butter*, Theobroma Cacao Seed Butter*, Lanolin, Olea Europaea Fruit Oil*, Lavandula Angustifolia Oil* (*organically cultivated).

OUR INGREDIENTS

MEAT &
OFFAL

We use high-quality muscle meat, supplying the body with essential proteins and Omega-6 fatty acids, as well as heart and liver which may have a beneficial effect on the immune system. You won't find any inferior byproducts in our cans.

VEGETABLES,
FRUIT &
HERBS

Our varied selection of fruit and vegetables supplies your dog with fiber and stimulates intestinal motility. Dandelion, nettle leaves, calendula and watercress supplement these products.

CARBO-
HYDRATES

All our products are grain-free and gluten-free. Potatoes or pseudo-grains (e.g. quinoa) are used as optimal energy sources and are also suitable for dogs with sensitive stomachs.

OILS

High-quality, cold-pressed oils (e.g. safflower oil or walnut oil) are a great way of covering your dog's requirement for unsaturated Omega-3 and Omega-6 fatty acids, and enable high bioavailability of vitamins from other ingredients.

SEAWEED

Seaweed in our wet food products supplies your dog with vitamins, minerals, trace elements and essential amino acids. It also promotes a glossy coat.

POWDERED
EGG SHELL

In nature, dogs consume calcium by eating the skin and bones of their prey. Powdered egg shell is used in our wet food varieties as a natural source of calcium.

OUR PRODUCTION

We are from Austria.

DOG'S LOVE wet foods are produced sustainably using gentle methods and regionally in Styria, the Green Heart of Austria. All raw ingredients are 100% food-grade quality.

Developed by veterinarians, our specially formulated recipes consist of **locally sourced ingredients** wherever possible. These ingredients have to meet our own highest standards, be particularly easy to digest and provide dogs with all the essential nutrients they need. Without any added preservatives, the finished blends are tinned and gently heated to 121°C to make them non-perishable.

The result? Nutritionally balanced complete feed products inspired by nature and designed to meet dogs' needs.
