NAMIBIAN HARDWOOD PTY LTD has been actively involved in the Decoration division of Pets; Aquatic, Reptile, Bird terrarium and flower enthusiast since 2005. We are a well-established company; sourcing our natural products directly from poor African communities to help them secure a good strong future. We source all our products in a sustainable manner, giving back to nature what it provides to us. We love our people, we love NATURE!

**Get ready to engage with us, bringing TOP quality products directly from soil, to your counter.**

**NATURAL AFRICAN  
WOODS, STONES, DESERT  
SAND; DIRECTLY FROM  
ITS SOURCE**

## WHO WE ARE

Phillip Kleinhans always had a passion for natural arts and crafts from Africa. Diversifying from his firewood and charcoal division; poor communities approached him for support. A new idea was born. To supply and export African décor into the world at the highest quality and grades customers could desire. Today this project contributes or help feed over 300 people. Products such as Mopanie roots, wild grapevine, gemstones and red dune sand are the best sellers we offer.

Thank you for the support!
