

Launched in 2012 by Alexis de Galember, La Fabrique Cookies has won over the palates of even the most discerning gourmets! Specialising in clean-label cookie recipes, the ranges have expanded as the brand has grown, and now include cakes and madeleines!

And because we're never short of new challenges, in December 2023 La Fabrique Cookies acquired a new production site in Ardin, specialising in pure butter shortbread, known locally as Broyés du Poitou.

The company, which still focuses as much as ever on the quality of its products and on sourcing French ingredients, now offers a snacking range with a short best-before date, as well as a whole range of snacking and grocery products with a best-before date of 9 months upon receipt!
